

ACCIDENT ON CAR LINE AND ALL TRAFFIC STOPS

Announced That Pleasant Heights Cars Will Not Run Until Conditions Are Less Dangerous.

STRONG PROTESTS FROM THE RESIDENTS

The street car operating on the Pleasant Heights road yesterday afternoon became unmanageable, started down the hill with terrific speed and was only checked by a safety switch at a point near the watering trough. The car was damaged but little and only one of the passengers was injured. As a result of the accident it was decided by Manager Healy and Supt. Thomas last evening to suspend the operation of this line until the weather becomes more favorable.

The cause of the accident is given out as slippery rails, made so by the cold atmosphere, which produces frost on the rails. The car was in charge of Motorman Goodballet and Conductor Donaldson. They had had trouble all afternoon with the car and were not much surprised at 5 o'clock when they were unable to control it. The safety switch worked to perfection and no doubt saved an awful catastrophe. Another car was placed on the hill as soon as possible after the accident, but it was sent to the barn a short time later, the conductor and motorman fearing another accident.

When this was taken into consideration by the officials of the company, it was decided to suspend operations. Supt. Thomas stated this morning that no more cars will run over the line until the weather will warrant it. He explained that the company did not think it wise to run cars on the hill when the life of passengers is at stake.

Residents all along the line, when informed of the suspension, were indignant, and steps were begun before noon today to force the resuming of the run. There are hundreds of people patronized the Pleasant Heights road and they will sign a petition to be presented to council asking that the company be forced to start the cars immediately. Those interested say that the incline on this road is not nearly so steep as that on the Calcutta line and they will insist that the company live up to its franchise.

FINE EXAMPLE OF ENTERPRISE

News Review Holiday Number
Will Be Grandest Ever
Printed Here.

FORTY-FOUR FULL PAGES

The holiday number of the News Review to be issued tomorrow will be the largest and finest copy of a newspaper ever published in East Liverpool or Columbiana County. It was the intention to make it 36 pages, but the advertisers of the city, quick to appreciate a good thing, have ordained otherwise. The paper will consist of five 8-page parts with an illuminated cover, making 44 pages altogether. The matter contained will be almost entirely original and will include contributions from a number of the best writers and most prominent citizens of East Liverpool.

The paper will be handsomely illustrated throughout and of great value for the large amount of information it contains. East Liverpool people who desire to send their friends in other cities a sample of East Liverpool journalistic enterprise would do well to place their orders at once. Although an edition of 5,000 copies will be printed, the demand will undoubtedly be so great as to exhaust the

CHESTER YOUNG MAN SENT TO JAIL

Several Thefts Laid at His Door, He Pleads Guilty On One Count.

Joseph Grimm, a well known young man of Chester, was arrested last night on the charge preferred by Young Pong, the Chinese laundryman of Chester. Grimm, it is alleged, sneaked into the Chinaman's establishment the other evening and abstracted from his till some \$2.75. He appeared before Squire Johnston this morning at 9 o'clock to answer to the charge. During the hearing he exhibited the utmost contempt for the powers of the court, and smilingly evaded the questions put to him by the justice. The latter became somewhat irritated by Grimm's horse-play and finally asked him if he was guilty or not guilty. He replied that he was guilty. He was then fined by Justice Johnston \$10 and costs, amounting to \$15 or \$16 and also given a sentence of 30 days in the county jail at New Cumberland. He paid the costs, but will languish in the county jail for 30 days.

FIVE STORIES WILL BE BUILT

Plans Decided Upon for New Potters Building and Savings Structure

COST TO BE NEAR \$60,000

The Potters Building & Savings company has decided that its new building to be erected on Washington street on the site purchased recently by it near the building in which it is now doing business, will be of five stories. The plans made by Youngstown architects have been submitted and accepted by the company. The work of construction will be commenced in a very short time, and not later than March 1.

When this building is completed it will be without doubt the finest structure in the city. It will cost between \$50,000 and \$60,000 and will be built of brick and terra cotta. The first story will be occupied by the owners principally and the other four stories will be devoted to office apartments. The architecture of the building will be elegant and the building will be a pride to every citizen. Contractors are now preparing bids for the big job and the company will give the contract as soon as possible.

CAR OFF THE TRACK

Jumped the Rails at Lyth's Hill And Ran Against the Bank.

Car No. 19, the first out from the power house this morning, jumped the track at Lyth's hill and plunged against the bank. The accident was caused by the icy condition of the rails.

Motorman Kontner escaped without injury, as did Conductor Will Stewart.

FUNERAL OF MRS. KEITZER.

Lisbon, December 17.—(Special.)—The funeral of Mrs. Keitzer, who died Tuesday night at the home of her daughter, Mrs. Frank Strahn, west of Adair, was held at Woodsdale, Hanover township, today. She was 85 years old.

LICENSED TO MARRY.

Lisbon, December 17.—(Special.)—Alpha Fults, of Salem, and Miss Florence Ella Frost, of Lisbon; John Gillie and Mrs. Isabella Vaughn, both of East Liverpool; Fred V. Catlin, of Monessen, Pa., and Miss Lenora Ormes, of East Liverpool.

ON JACKSON DAY

All the Big Democrats Are Expected to Feast at Columbus.

Columbus, December 17.—(Special.)—Mayor Al Carlile, of Salem, is one of the notables to attend the big Jackson day banquet to be held in Columbus January 8. All the leading Democrats of the state are to be on hand, and it is likely reorganization talk will be rife at the gathering. Hon. John H. Clarke, of Cleveland, and Mayor Tom Johnson, of the same city, are among those invited.

When the matter of the banquet was first talked over among those whose presence was considered as being essential to the success of the function was that of Salem's mayor.

CLEAN STREETS ARE DEMANDED

W. L. Taylor Will Voice Public Sentiment at Safety Board Meeting.

IN A VERY BAD CONDITION

The City's Thoroughfares Could Not Well Be Worse Than at Present. A Change for the Better Is Certainly Imperative.

Among several rather important questions that will arise at the meeting of the board of public safety this evening will be introduced for the fortieth time by W. L. Taylor, the strongest advocate of clean streets that has been before the public in years, a plan by which the thoroughfares can be kept clear of all kinds of dirt. Mr. Taylor will advise the board to let the question rest on the pride of each individual resident.

"It is the only method that occurs to me at the present time," said Mr. Taylor to a reporter of the News Review. "There are few people who have not pride about the condition of the city's streets, and especially in front of their own dwelling places. If we impress upon all the necessity of clean streets, I believe they will readily take to it. When they commence giving the streets of their immediate vicinity attention, it will not be long until they will observe the same case throughout the city. I truly believe that once they are brought into line they will retain the excellent habit always. There is no way open to the board of public safety to enforce the ordinances to the letter bearing on the question and we must rely totally on the good, common sense of our citizens."

"During weather like that which is now with us, there is not much cause for complaint along the line of cleanliness, but if the people would exercise just a little care to their sidewalks by removing so far as it is practicable the snow and ice from them, the conditions would be helped wonderfully and I believe the people will demonstrate their pride along this score too. There is not a city in the country in a worse condition than East Liverpool is this winter. Our streets are so irregular that ice and snow on them means a detriment to traffic and transit and the danger to life and limb is hard to realize."

AWARDED JUDGEMENT AGAINST THE FERRALLS

Potters' Co-Operative Company Wins a Suit for \$242 on a Note.

Lisbon, December 17.—(Special.)—The case of the Potters' Co-operative company of East Liverpool vs. John E. and Valeria Ferrall, of Pittsburg, was tried before Judge Hole yesterday afternoon. The plaintiff company asked judgment for \$242.15, with interest from April 6, 1903, alleged to be due on a note.

At the conclusion of the testimony and arguments judgment was rendered for the full amount. Valeria Ferrall is the wife of Ferrall and had endorsed the note. She claimed that under the laws of Pennsylvania the claim could not be valid against a woman. But it was shown that the note was delivered at East Liverpool and the contract made under the laws of Ohio, which make a woman liable in such cases.

BURNED TO DEATH

Prominent Toledo Couple Perished in Fire That Destroyed Their Home.

Toledo, December 17.—(Special.)—Herman Neipans and wife, prominent residents of this city, were cremated at an early hour this morning in a fire that destroyed their home.

INVITATIONS TO INAUGURATION.

Columbus, December 17.—(Special.)—Invitations have been sent to all the members of the McKinley staff, of which Col. Herriek was a member, to attend the inauguration of the latter as governor, and a number have signified their intention to attend. Col. John N. Taylor, of East Liverpool, one of the members, has written that, owing to it being the time for taking stock and closing up the pottery business for the year, it will not be possible for him to attend.

JUDGMENT BY DEFAULT.

Lisbon, December 17.—(Special.)—In the case of the First National bank of Homestead, Pa., vs. the New Salisbury Grocery company, in which the plaintiff sued for \$1,500 and interest on two promissory notes, judgment by default has been rendered for the plaintiff.

EAST LIVERPOOL IN A BAD WAY

Mrs. Frank's Determination to Purify It Meets With Little Encouragement.

Mrs. Jane Frank, Carrie Nation's double, appeared at the city hall again this morning. She is more convinced than ever that East Liverpool is in the clutches of the devil and talked at great length of the moral conditions of the city. She drew many word pictures of the vice and crime allowed to exist and swore that the council and the entire administration is in a league to further the hellish conditions.

As upon her first visit she was given but little satisfaction by any of the officials and she left cursing everybody who is not in sympathy with her.

THE JUDGE DECIDES THE BIG OIL SUIT

Dissolves the Injunction That Forbidden the Pumping of Well.

AN IMPORTANT OPINION

Lisbon, December 17.—(Special.)—In an elaborate opinion given in court this morning Judge W. W. Hole dissolved the temporary injunction restraining order secured in probate court some time ago by the Salem Iron company, of Leontonia, vs. H. H. Hyland et al., whereby the defendants were enjoined from pumping their oil well on the Gongawara farm, between Columbiana and Leontonia.

The suit was brought on the ground that the salt water from the oil wells so impregnated the water of Cherry Fork creek, from which the plaintiff company derives its water supply, that the efficiency of the company machinery and boilers was being impaired. Judge Hole gave a carefully prepared written opinion. The decree of the court is suspended for ten days to give the plaintiff time to appeal to circuit court.

Judge Hole said that the weight of the authorities forbid owners of land from polluting the waters of lower land, even when the owners of higher land are developing the natural resources of their own premises, and must remain so until the supreme court of the state modifies some of its holdings to suit the apparent necessities in such cases.

The decision was based on the fact, as the court held, that the plaintiff had failed to establish as a fact that the injury complained of would be continuous. The judge held also that stopping oil operations would result in greater damage to the defendants than the plaintiffs would incur by their continuance.

WM. PITTINGER CHOSEN PRESIDENT

Elected to Fill the Unexpired Term as the Head of East Liverpool Trades Council.

The most important action of trades council last evening was the election of William Pittinger as president. He will succeed G. B. M. Beatty, resigned, whose term expires April 1. Mr. Pittinger is a well known dipper, who has long been prominent in labor circles. He and Charles Kontner were the only candidates for the position.

Charles Kontner presided at the meeting last evening and Willard Wallace, of the Bartenders' union, was given a seat in council. John G. Hickey, district organizer of the bartenders and hotel employees, addressed the meeting in behalf of the unions he represents.

The committee on the co-operative store reported inability to secure more than 50 per cent on the note held by the council and the matter went over to the next meeting.

The furnishing by the council of a ward in the East Liverpool hospital was discussed and it was decided to place the matter in the hands of a committee who will confer with the hospital trustees. The committee is made up of Mr. Martindale, Secretary Reark, Mr. Kontner and Mr. Baughmann. They will take up the work promptly.

The right to discharge an employee for refusing to work on a legal holiday was raised by delegates from Pressers' local No. 4, but no action was taken. No action was taken on the Plasterers' union's application for a seat in the council.

HE HAS NO INTENTION OF QUITTING HIS JOB

Mayor Weaver Ridicules the Report That He Will Resign If Wyman Is Ousted.

THE AIR IS THICK WITH IDLE RUMORS

As regards the Wyman case, all sorts of rumors are afloat, but when sifted to the bottom it seems that they are groundless. Solicitor Davidson has nothing to say. His work is done for the present and he is simply awaiting the action of the defense. The defense may be worried over the new phase of the question, but one could not tell it by conversation or observation.

Attorney Jason H. Brookes, who represented the defense before Judge Hole, has not been communicated with by his clients and they are utterly unable to give a plan of meeting the proposition. Though no definite statement could be gained from the members of the board of safety, the mayor or Chief Wyman, it is considered a fact that all will be together again when the case is tried before a commissioner.

Mayor Weaver stated this morning that he had no cause whatever for alarm; that the prosecution has simply laid a plot which will throw it even harder to defeat than was its fate at Lisbon. A member of the board of safety made about the same statement.

One groundless rumor that was given much circulation yesterday was to the effect that Mayor Weaver would resign his position should defeat be met at the hands of the supreme court. The mayor simply laughed this morning when informed that such a story was going the rounds. He considered the rumor ridiculous and would not express himself at all.

No word has been received from Columbus designating the date of the commissioner's arrival in the city to hear the testimony in the case, but it is expected the time will be set in a few days.

CONN WANTS TO SETTLE THE CASE AGAINST HIM

But After Dealing With Steubenville He Must Square Things With the Hoosiers.

Steubenville, December 17.—Capt. G. H. Conn, who is charged with having secured money under false pretenses from the Commercial National bank, was to have been tried before Squire Prentiss yesterday, but at present his friends are working in his behalf in the hope of getting him out of the serious predicament. His wife came to the city Tuesday and consulted the bank people who have not yet decided to prosecute should he pay the amount of the check he cashed, which was \$100, and the costs. His wife has not secured the money, but has left the city for that purpose.

When it was learned that an effort was being made to dismiss Conn and drop the serious charge against him, the local officers sent word to the Evansville, Ind., authorities, who had asked them to be on the watch for Conn. A message was received from the Indiana people asking them to arrest Conn should he be discharged, unless he would pay \$100 and the cost of the Evansville case. The local officers consulted Prosecutor Alban and it was decided that local justice was not a collection agency and if it was desired to settle with Conn, the Evansville authorities could come here and do so, as nothing would be said about paying their claim. The local officers will arrest and hold Conn if it is desired, but they will not become collectors for amounts due on worthless checks.

LICENSED TO MARRY.

Lisbon, December 17.—(Special.)—Robert Zimmerman, of Salem township, and Miss Emma Heim, of Butler township; Gustave G. Osthoff and Jessie E. Wagner, East Liverpool; J. W. Mercer and E. Gertrude McFranklin, Salem; Frank M. Beers and Agnes A. Swan, East Liverpool, have been licensed to marry.

EMBEZZLEMENT OF \$2,000 CHARGED

Former Resident of Wellsville Accused of Stealing From Employers in Allegheny.

Kent A. Holloway, cashier and bookkeeper for Crutchfield & Woolfolk, commission merchants and produce dealers of Pittsburgh, was committed to the Allegheny county jail yesterday by Magistrate Thomas D. Stewart on an information sworn out by James S. Crutchfield charging him with embezzlement. The bail was fixed at \$3,000. Holloway is well known in Wellsville, where he formerly lived and was employed in a grocery store for several years. He is 24 years old and lives with his mother and sister in Allegheny, and has borne a good reputation. His employers run three stores and he was employed at 19 South Diamond street, Allegheny. It is charged that when a customer sent a check it would be marked "for deposit only" and Holloway would take it and place it in the cash drawer. Then he would take the amount of money that the check called for from the drawer and would not credit the customer with the amount paid. The peculation, it is said, has gone on for months, and it is not known how much has been taken.

He was then fined by Justice Johnston \$10 and costs, amounting to \$15 or \$16 and also given a sentence of 30 days in the county jail at New Cumberland. He paid the costs, but will languish in the county jail for 30 days.

The justice in reprimanding and sentencing him used some plain language, and simply told him he was a common sneak thief. Before he left the office he made a few threats against the justice, who blandly informed him that after his sentence was served out he might be compelled to serve 12 months more if he did not keep quiet. This admonition had a quieting effect.

Grimm is also accused, and if the proper testimony was adduced, it is said, could be convicted of entering the home of Mrs. Cooper, of the mill addition, and stealing a watch and chain valued at \$40 and also a sum of money. Another charge, said to be equally as well sustained, is that of entering Young Pong's laundry some two weeks ago and taking the entire amount of money in his till, amounting to a considerable sum. Justice Johnston therefore believes that Chester will be well rid of his company.

Our streets are so irregular that ice and snow on them means a detriment to traffic and transit and the danger to life and limb is hard to realize."

Though Mr. Taylor will not propose to his brother members this evening the purchase of receptacles for rubbish, they to be stationed at a number of the corners in the central portion of the city, he will do so before spring. Such depositories are in use in such cities as Detroit and Philadelphia and are advantageous to the cleanliness of a city. They cost but a mere trifle and will be seen on our street corners before next summer.

AN INJURED EMPLOY SUES FOR DAMAGES

Allen W. Pedlar, of Salineville, Wants \$1,990 from the Pennsylvania Company.

Lisbon, December 17.—(Special.)—Allen W. Pedlar, of Salineville, has brought suit against the Pennsylvania company for \$1,990 for injuries received in the company's employ. In his petition Pedlar says he entered the employ of the company as a night hand at a coal place on the C. & P. in 1902. About 2 a. m. on January 27 last he sustained injuries which have permanently crippled him. The plaintiff says he had charge of a chute through which the coal is conveyed to the engines. It is customary for the man in charge of the chute, who stands at the opening to prevent its clogging up, to signal the engineer when the tender is filled. The engine moves forward a few feet to permit the door of the chute to be closed.

At Pedlar's signal on the morning of the accident, the plaintiff alleges, the engineer backed the engine instead of moving forward. The engine struck the door or apron of the chute and Pedlar, fearing he was about to be caught and injured, leaped upon the roof of the engine cab and fell from there to the ground, 14 feet. By the time Pedlar fell the engine had been reversed and was moving forward. It struck him, adding to the injuries received by the fall. Both his feet and ankles were sprained and his left leg injured. He alleges carelessness and that the company is responsible.

Mrs. Jane Frank, Carrie Nation's double, appeared at the city hall again this morning. She is more convinced than ever that East Liverpool is in the clutches of the devil and talked at great length of the moral conditions of the city. She drew many word pictures of the vice and crime allowed to exist and swore that the council and the entire administration is in a league to further the hellish conditions.

As upon her first visit she was given but little satisfaction by any of the officials and she left cursing everybody who is not in sympathy with her.

THE JUDGE DECIDES THE BIG OIL SUIT

Dissolves the Injunction That Forbidden the Pumping of Well.

AN IMPORTANT OPINION

Lisbon, December 17.—(Special.)—In an elaborate opinion given in court this morning Judge W. W. Hole dissolved the temporary injunction restraining order secured in probate court some time ago by the Salem Iron company, of Leetonia, vs. H. H. Hyland et al., whereby the defendants were enjoined from pumping their oil well on the Gongware farm, between Columbiana and Leetonia.

The suit was brought on the ground that the salt water from the oil wells so impregnated the water of Cherry Fork creek, from which the plaintiff company derives its water supply, that the efficiency of the company machinery and boilers was being impaired. Judge Hole gave a carefully prepared written opinion. The decree of the court is suspended for ten days to give the plaintiff time to appeal to circuit court.

Judge Hole said that the weight of the authorities forbid owners of land from polluting the waters of lower land, even when the owners of higher land are developing the natural resources of their own premises, and must remain so until the supreme court of the state modifies some of its holdings to suit the apparent necessities in such cases.

The decision was based on the fact, as the court held, that the plaintiff had failed to establish as a fact that the injury complained of would be continuous. The judge held also that stopping oil operations would result in greater damage to the defendants than the plaintiffs would incur by their continuance.

WM. PITTINGER CHOSEN PRESIDENT

Elected to Fill the Unexpired Term as the Head of East Liverpool Trades Council.

The most important action of trades council last evening was the election of William Pittinger as president. He will succeed G. B. M. Beatty, resigned, whose term expires April 1. Mr. Pittinger is a well known dipper, who has long been prominent in labor circles. He and Charles Kontnir were the only candidates for the position.

Charles Kontnir presided at the meeting last evening and Willard Wallace, of the Bartenders' union, was given a seat in council. John G. Hickey, district organizer of the bartenders and hotel employees, addressed the meeting in behalf of the unions he represents.

The committee on the co-operative store reported inability to secure more than 50 per cent on the note held by the council and the matter went over to the next meeting.

The furnishing by the council of a ward in the East Liverpool hospital was discussed and it was decided to place the matter in the hands of a committee who will confer with the hospital trustees. The committee is made up of Mr. Martindale, Secretary Reark, Mr. Kontnir and Mr. Baughmann. They will take up the work promptly.

The right to discharge an employee for refusing to work on a legal holiday was raised by delegates from Pressers' local No. 4, but no action was taken. No action was taken on the Plasterers' union's application for a seat in the council.

HE HAS NO INTENTION OF QUITTING HIS JOB

Mayor Weaver Ridicules the Report That He Will Resign If Wyman Is Ousted.

THE AIR IS THICK WITH IDLE RUMORS

As regards the Wyman case, all sorts of rumors are afloat, but when sifted to the bottom it seems that they are groundless. Solicitor Davidson has nothing to say. His work is done for the present and he is simply awaiting the action of the defense. The defense may be worried over the new phase of the question, but one could not tell it by conversation or observation.

Attorney Jason H. Brookes, who represented the defense before Judge Hole, has not been communicated with by his clients and they are utterly unable to give a plan of meeting the proposition. Though no definite statement could be gained from the members of the board of safety, the mayor or Chief Wyman, it is considered a fact that all will be together again when the case is tried before a commissioner.

Mayor Weaver stated this morning that he had no cause whatever for alarm; that the prosecution has simply laid a plot which will throw it even harder to defeat than was its fate at Lisbon. A member of the board of safety made about the same statement.

One groundless rumor that was given much circulation yesterday was to the effect that Mayor Weaver would resign his position should defeat be met at the hands of the supreme court. The mayor simply laughed this morning when informed that such a story was going the rounds. He considered the rumor ridiculous and would not express himself at all.

No word has been received from Columbus designating the date of the commissioner's arrival in the city to hear the testimony in the case, but it is expected the time will be set in a few days.

CONN WANTS TO SETTLE THE CASE AGAINST HIM

But After Dealing With Steubenville He Must Square Things With the Hoosiers.

Steubenville, December 17.—Capt. G. H. Conn, who is charged with having secured money under false pretenses from the Commercial National bank, was to have been tried before Squire Prentiss yesterday, but at present his friends are working in his behalf in the hope of getting him out of the serious predicament. His wife came to the city Tuesday and consulted the bank people who have not yet decided to prosecute should he pay the amount of the check he cashed, which was \$100, and the costs. His wife has not secured the money, but has left the city for that purpose.

When it was learned that an effort was being made to dismiss Conn and drop the serious charge against him, the local officers sent word to the Evansville, Ind., authorities, who had asked them to be on the watch for Conn. A message was received from the Indiana people asking them to arrest Conn should he be discharged unless he would pay \$100 and the cost of the Evansville case. The local officers consulted Prosecutor Alban and it was decided that local justice was not a collection agency and if it was desired to settle with Conn, the Evansville authorities could come here and do so, as nothing would be said about paying their claim. The local officers will arrest and hold Conn if it is desired, but they will not become collectors for amounts due on worthless checks.

Licensed to Marry.

Lisbon, December 17.—(Special.)—Robert Zimmerman, of Salem township, and Miss Emma Heim, of Butler township; Gustave G. Osthoff and Jesse E. Wagner, East Liverpool; J. W. Mercer and E. Gertrude McFranklin, Salem; Frank M. Beers and Agnes A. Swan, East Liverpool, have been licensed to marry.

EMBEZZLEMENT OF \$2,000 CHARGED

Former Resident of Wellsville Accused of Stealing From Employers in Allegheny.

Kent A. Holloway, cashier and bookkeeper for Crutchfield & Woolfolk, commission merchants and produce dealers of Pittsburg, was committed to the Allegheny county jail yesterday by Magistrate Thomas D. Stewart on an information sworn out by James S. Crutchfield charging him with embezzlement. The bail was fixed at \$3,000. Holloway is well known in Wellsville, where he formerly lived and was employed in a grocery store for several years. He is 24 years old and lives with his mother and sister in

Allegheny, and has borne a good reputation. His employers run three stores and he was employed at 19 South Diamond street, Allegheny. It is charged that when a customer sent a check it would be marked "for deposit only" and Holloway would take it and place it in the cash drawer. Then he would take the amount of money that the check called for from the drawer and would not credit the customer with the amount paid. The peculation, it is said, has gone on for months, and it is not known how much has been taken.

Among the Potteries and Allied Industries

A TRENTON ENTERPRISE.

Trenton, N. J., December 17.—(Special.)—The Potteries Selling company, a local corporation headed by three of the largest manufacturers of sanitary ware and appliances, filed articles of incorporation with the secretary of the state yesterday. The company, which is capitalized at \$50,000, is headed by John A. Campbell, general manager of the Trenton Potteries company; Samuel D. Oliphant, of the Bellmark Pottery company, and Archibald M. Maddock, of the Thomas Maddock & Sons' company. The stock is divided into 500 shares of the par value of \$100 each. Mr. Campbell holds 170 shares, Mr. Maddock 170 and Mr. Oliphant 180 shares.

The purpose of the company, according to its articles of incorporation, is to establish and carry on in this and other countries a business of buying and selling and trading in pottery ware of all descriptions, also appliances and materials connected with pottery manufacture. The company also receives the authority to act as agent or commission merchant or to lend money to any company, party, association or persons upon furnishing the necessary security. Among one of the privileges accorded the company is to carry on a brokerage business. This permits it to guarantee or underwrite subscriptions for stock or any other securities of any company engaged in the pottery trade.

The incorporation of this company according to those financially interested will mean that Trenton manufacturers will have another medium in adding them to dispose of their goods in this and other countries.

SKULL FRACTURED.

Edward Comfort, aged 36, of 509 Center street, a kilnman employed at the Maddock Pottery company's plant on Third street, Trenton, while engaged in placing a kiln yesterday morning, slipped and fell, fracturing his skull. Comfort was at the top of the kiln placing ware and in reaching up lost his balance and in the effort to regain his balance slipped and toppled headlong to the floor. He landed head first into a pile of saggers. Fellow workmen ran to his aid and rendered what assistance they could until the police ambulance arrived, when he was removed to St. Francis hospital.

He was unconscious until late yesterday afternoon. His condition is serious and doubts are entertained as to his recovery. He was widely known in the pottery world, being considered of the first rank of his branch of the pottery trade.

The exhibition was the largest and most successful ever held in California. The exhibition served to show the great hold attractive and artistic porcelain has upon the people of the Pacific coast.

THE AX of toughest steel becomes dulled by constant use and must have a new edge if it is to do good work. Constant work dulls a man as it does an ax, makes him sluggish of body and dull of mind.

He needs a tonic, something that will restore the keenness of mind and activity of body.

Dr. Pierce's Golden Medical Discovery puts new life into weak, worn-out, run-down men and women. It strengthens the weak stomach, purifies the blood, and effectively stimulates the liver. The whole body is built up with sound, solid flesh by the use of "Golden Medical Discovery."

"I was confined to my bed for four months from January 1st, 1899, and commenced to take your medicine January 26th, 1899," writes Mrs. B. L. Shepard, of Poplar bluff, Mo. "I took eight bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription,' two vials of 'Pleasant Pellets,' and one bottle of Doctor Pierce's Compound Extract of Sarsaparilla, as a liniment. Indigestion, obstinate constipation, and hardening of the liver was my trouble. I am at this time able to do almost any kind of house work. Your medicine saved me from my grave. Thanks to you for the benefit. My case was hopeless when I began taking your medicine."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery," is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show. Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

SANITARY MEN MET.

The Sanitary Pottery Manufacturers' association held its regular meeting in the Y. M. C. A. building, Trenton, yesterday afternoon. The general state of the trade was discussed and routine business transacted.

All the local sanitary potteries were represented. Among the out-of-town manufacturers present were: Charles W. Franzheim, president of the Wheeling Potteries company, of Wheeling, W. Va.; Murrell Dobbins & Son, of Camden; Fred Conradt, of the Great Western pottery, Tiffin, and J. M. Manor, of East Liverpool.

The association dined at the Trenton house.

AMONG THE POTTERS.

The Smith-McNicol pottery of Wells-ville began a loaf yesterday of two weeks.

The Klondike pottery is now entirely closed down with the exception of a few hands working.

Cain Bros. are manufacturing quite a large amount of jigger machinery for shipment to the Canonsburg (Pa.) pottery.

The Chelsea China company will close its plant for one week from the 19th until Monday after Christmas, according to reports given out to the workmen by the management.

LAND FOR NEW TRACK IN SALINEVILLE

RAILROAD COMPLETES SOME ADVANTAGEOUS DEALS.

Return of a Wandering Boy And Other News of the Mining Town.

Salineville, December 17.—(Special.)

The Knights of Maccabees lodge of Mechanicstown will hold a public installation of officers Wednesday evening, December 23. The ceremonies will be held in the town hall and a number of prominent knights from surrounding cities will be present to assist in the installation. A banquet will be served in the hall after the exercises close. The lodge is one of the largest in eastern Ohio and still growing.

Agents of the Pennsylvania company were in Salineville Tuesday closing up the deal for the land purchased from Thomas Conlin, to be used in constructing the double track above Salineville. Several trades were made between the railroad company and Mr. Conlin by which both were benefited. The railroad company was compelled to keep up a crossing for Mr. Conlin to enter his farm. The company traded land with him from one side of the track to the other, thus giving Mr. Conlin an entrance to his property without crossing the tracks. It is to be used for yard room at some future date. This completes all the deals between here and Summitville for additional room for the double tracks.

George Green, son of Charles Green and wife, of Fox township, has returned home after a 10 years' absence. He left home in 1894 and since that time his parents or friends never knew what had become of him. He traveled south at first and when the late war broke out he enlisted and was sent to Cuba. From Cuba he was transferred to Porto Rico and from there to the Philippines, where he served out his term of enlistment. On arriving in the states he came to Duluth and then found his way to the copper regions in the northern peninsula of Michigan. For the past three years he was engaged in the mines there, but his parents or friends did not know he was alive. He is undecided whether he will reside here or will again return to Michigan.

John Smith, a miner employed at the Sterling mine, west of town, had the misfortune to get his index finger on his right hand so badly mangled Monday afternoon that amputation was necessary. The accident happened by a huge chunk of coal falling on the hand.

Seward Saltsman, who shot at John Barnhill, who had been found at his home in Columbiana, has moved his household goods to Salineville, where he will reside in the future. Mr. Saltsman and his wife agreed to separate after the shooting affair and legal counsel was procured and the necessary papers drawn up and signed. She is to keep the nine-months-old baby and he is to take the other children, aged 4 and 6. She agreed to go to her brothers in the Missouri valley, Ia., if she could procure the transportation. Thus is a once happy home broken up by the wife.

Inviting a Repetition.
One Sunday a teacher was trying to illustrate to her small scholars the lesson, "Return good for evil." To make it practical she said, "Suppose, children, one of your schoolmates should strike you and the next day you should bring him an apple—that would be one way of returning good for evil." To her dismay, one little girl spoke up quickly, "Then he would strike you again to get another apple!"

Indigestion, obstinate constipation, and hardening of the liver was my trouble. I am at this time able to do almost any kind of house work. Your medicine saved me from my grave. Thanks to you for the benefit. My case was hopeless when I began taking your medicine."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery," is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show. Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

SANITARY MEN MET.

The Sanitary Pottery Manufacturers' association held its regular meeting in the Y. M. C. A. building, Trenton, yesterday afternoon. The general state of the trade was discussed and routine business transacted.

All the local sanitary potteries were represented. Among the out-of-town manufacturers present were: Charles W. Franzheim, president of the Wheeling Pottery company, of Wheeling, W. Va.; Murrell Dobbins & Son, of Camden; Fred Conradt, of the Great Western pottery, Tiffin, and J. M. Manor, of East Liverpool.

The association dined at the Trenton house.

AMONG THE POTTERS.

The Smith-McNicol pottery of Wells-ville began a loaf yesterday of two weeks.

The Klondike pottery is now entirely closed down with the exception of a few hands working.

Cain Bros. are manufacturing quite a large amount of jigger machinery for shipment to the Canonsburg (Pa.) pottery.

The Chelsea China company will close its plant for one week from the 19th until Monday after Christmas, according to reports given out to the workmen by the management.

DIED OF HIS INJURIES

Former Resident of Columbiana County the Victim of Fatal Accident.

Columbus, December 17.—(Special.)—Word has been received that William H. Dewart, of this city, who as heretofore stated in this paper, met with severe injuries at Kingston last Saturday, the result of falling in front of an engine, is dead. Both his legs were crushed off and his skull was fractured.

He has relatives living in Columbiana county, where he is well known.

LAND FOR NEW TRACK IN SALINEVILLE

RAILROAD COMPLETES SOME ADVANTAGEOUS DEALS.

Return of a Wandering Boy And Other News of the Mining Town.

Salineville, December 17.—(Special.)—The Knights of Maccabees lodge of Mechanicstown will hold a public installation of officers Wednesday evening, December 23. The ceremonies will be held in the town hall and a number of prominent knights from surrounding cities will be present to assist in the installation. A banquet will be served in the hall after the exercises close. The lodge is one of the largest in eastern Ohio and still growing.

Agents of the Pennsylvania company were in Salineville Tuesday closing up the deal for the land purchased from Thomas Conlin, to be used in constructing the double track above Salineville. Several trades were made between the railroad company and Mr. Conlin by which both were benefited.

The railroad company was compelled to keep up a crossing for Mr. Conlin to enter his farm. The company traded land with him from one side of the track to the other, thus giving Mr. Conlin an entrance to his property without crossing the tracks. It is to be used for yard room at some future date. This completes all the deals between here and Summitville for additional room for the double tracks.

George Green, son of Charles Green and wife, of Fox township, has returned home after a 10 years' absence. He left home in 1894 and since that time his parents or friends never knew what had become of him. He traveled south at first and when the late war broke out he enlisted and was sent to Cuba. From Cuba he was transferred to Porto Rico and from there to the Philippines, where he served out his term of enlistment. On arriving in the states he came to Duluth and then found his way to the copper regions in the northern peninsula of Michigan. For the past three years he was engaged in the mines there, but his parents or friends did not know he was alive. He is undecided whether he will reside here or will again return to Michigan.

John Smith, a miner employed at the Sterling mine, west of town, had the misfortune to get his index finger on his right hand so badly mangled Monday afternoon that amputation was necessary. The accident happened by a huge chunk of coal falling on the hand.

Seward Saltsman, who shot at John Barnhill, who had been found at his home in Columbiana, has moved his household goods to Salineville, where he will reside in the future. Mr. Saltsman and his wife agreed to separate after the shooting affair and legal counsel was procured and the necessary papers drawn up and signed. She is to keep the nine-months-old baby and he is to take the other children, aged 4 and 6. She agreed to go to her brothers in the Missouri valley, Ia., if she could procure the transportation. Thus is a once happy home broken up by the wife.

Inviting a Repetition.

One Sunday a teacher was trying to illustrate to her small scholars the lesson, "Return good for evil." To make it practical she said, "Suppose, children, one of your schoolmates should strike you and the next day you should bring him an apple—that would be one way of returning good for evil." To her dismay, one little girl spoke up quickly, "Then he would strike you again to get another apple!"

DELIVERY EXTENTION

A LIVE ISSUE

HAS NOT BEEN FORGOTTEN AS STATED THIS MORNING.

People Will Keep at the Department Until They Get Reasonably Fair Treatment.

That the movement for the extension of the mail delivery system, to include all sections of the East End, has not been snowed under and forgotten as stated by the Tribune this morning, is grossly misleading. Had the reporter questioned any one of the 1,500 citizens who signed the petition, addressed to Congressman Kennedy, asking that he use his influence with the postoffice department, he would have arrived at the truth of the matter. The residents of the East End are determined to keep everlasting at the post-office authorities until they are accorded reasonably fair treatment in mail matters.

Until a few months ago Postmaster Will Baird was compelled to furnish a building and heat and light for his post-office purposes. The office was in the same room as occupied by Baird's drug store and proved a great inconvenience not only to the establishment, but to the public. After months of hard work the department was finally induced to provide a separate building, affording something like adequate quarters.

Station A, as the office is called, serves a population occupying a territory more than two miles in length and many people are compelled to come that distance for mail. Is it any wonder free delivery has been petitioned for? Many East End people, who are employed down town get their mail at the down town office. The gas companies have been instructed by many East End patrons to direct the monthly statements to them through the down town office.

It is proposed by the patrons of the office to retain Station A as it is at present, so that those in the neighborhood of the office can call for the mail if they so desire, and to have the delivery system extended to include the entire section. The maintenance of the station is as important as the delivery extension.

RECIPROCITY TREATY

With Cuba Passed in the Senate by an Overwhelming Majority.

DAY MARKED BY LIVELY DEBATE

Both Bodies of Congress Agree to Holiday Recess—Numerous Topics Discussed by the House in Lengthy Session.

Washington, Dec. 17.—By the decisive vote of 67 to 13 the senate passed the bill carrying into effect the reciprocity treaty with Cuba. The final vote came at the close of a day which was marked by a debate which, while at times animated, was never acrimonious. The principal speeches were made by Mr. Spooner for the bill and Mr. Bailey against it. Both senators were subjected to frequent interruptions.

In his remarks Mr. Bailey referred to the recent agreement of the Democratic caucus to stand solidly on party questions, and warned the Republicans that in the future they could not depend on straggling Democratic votes in support of Republican party measures, regardless of whether they were or were not in accord with Democratic doctrine.

The bill passed carries into execution the treaty between the United States and Cuba which was ratified last March. The treaty provides for a reduction of 20 per cent from the rates of duty under the Dingley law on all Cuban articles imported into the United States and a varying reduction of from 20 to 40 per cent from the established Cuban duty on articles imported into Cuba from the United States. After the passage of the Cuban bill the senate agreed to the house resolution providing for a holiday recess from Dec. 19 to Jan. 4.

Central American affairs were discussed in the house and also pensions, industrial and agricultural conditions and labor. The session lasted more than four hours, the hour being in committee of the whole almost the entire time on the pension appropriation bill, on which no conclusion was reached.

Mr. Lind (Dem., Minn.), referring to an editorial published in a home paper, which he said reflected on his relations with Mr. Williams, the minority leader, stated that he desired to say that his relations with Mr. Williams were of the most cordial character.

New Railroad Division Created. Baltimore, Dec. 17.—General Manager Sims, of the Baltimore and Ohio railroad, announced the creation of a new grand division to be known as the Wheeling system and which will consist of the Newark, Cleveland, Ohio River and Wheeling divisions. T. J. Foley has been appointed superintendent in charge. The following additional changes were also announced: J. A. Spielmann, to be superintendent of the Chicago division; H. E. Hale, superintendent at Butler, Pa.; William Trappell, division engineer at Philadelphia; R. P. Rosseter, assistant division engineer of the Shenandoah division, with headquarters at Winchester, Va.

Newspaper Must Pay Damages. Birmingham, England, Dec. 17.—Marie Corelli, the novelist, was awarded half a cent damages, each side to pay their own costs, in a libel suit brought by her against the proprietor of the Stratford-on-Avon Herald, in connection with a recent controversy in which Miss Corelli opposed the erection of a Carnegie library on the ground that it involved a desecration of Shakespeare's birthplace. The alleged libel consisted in a statement that Miss Corelli desired to erect a library at the same place.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HOLDS CROWD AT BAY

Murderer Barricades Himself in House and Resists Arrest With Shotgun.

KILLED WARDEN OF COUNTY JAIL

Besieged Fugitive Calmly Cooks His Supper in Sight of Posse—Shots Exchanged, but No One Hit—His Capture to Be Attempted This Morning.

River Head, L. I., Dec. 17.—William H. Rafford, a deputy sheriff and warden of the county jail here for more than 15 years, was shot dead by A. Tuttle Reeves at Aquebogue, a village three miles from here. Rafford had gone to serve an execution upon Reeves, who has for years had the reputation of being eccentric. The murderer dragged the body out of the house, barricaded the doors and windows and, armed with the double-barreled shotgun, prepared to resist arrest.

The sheriff surrounded the house with a posse of 75 men. Reeves could be plainly seen moving about the house and cooking his supper, carrying his gun with him. Fearing that an attempt to rush the house would be met with a desperate resistance and loss of life, the sheriff posted his men so as to insure against the murderer's escape.

Two shots were fired through the window by the posse, taking care not to hit Reeves, who instantly returned the fire, shooting at random and hitting no one. The besiegers finally determined to wait until daylight after breaking all the windows with volleys of stones.

Suicide Chose an Easy Way.

Columbus, O., Dec. 17.—J. F. Eckleberry, who made some pretense of medical skill, suicided under peculiar circumstances. On Sunday he gave a farmer named James Stone some medicine to relieve the patient of the effects of drink. Stone died, however, and the coroner officially attributed the death to alcoholism. Eckleberry, however, heard that threats were being made against him, and this so perturbed him that he took chloroform and his death followed.

Fatal Quarrel Over Six Cents.

Philadelphia, Dec. 17.—A quarrel over the sum of 6 cents, the charge for a pool game, resulted in the murder of two persons in the Italian quarter. The dead are: Mary Matz, aged 40 years, and Antonio Lesta, 23 years of age. The man who did the killing is Nicholas Miyo, aged 40 years. He is under arrest. The pool room was owned by Mary Matz, who hired Miyo to manage it for her.

Miners Quit Work.

Myersdale, Pa., Dec. 17.—About 1,600 miners employed in Somerset county coal region quit work owing to the proposed reduction of 10 cents per ton for mining soft coal. No disorder has been reported, the miners simply remaining away from the mines. There are about 2,500 miners employed in the region, and several of the smaller mines were operated.

Priest Dies from Operation.

EAST END AFFAIRS.

George Nelson, who has been employed at Neiningers, has accepted a position with Robert Maxwell.

Several of the employees of the Colonial pottery expect to return to work tomorrow. The plant has been idle in several departments for the past few days.

Carl Angle sustained a severe blow on the eye yesterday evening while playing hockey on the ice.

Clifford Mercer, who returned to this city a few days ago after spending a couple of years in the southwest for the benefit of his health, will probably accept a position at the Severs China company as a presser. Mr. Mercer was a presser before being compelled to leave the pottery on account of ill-health.

James Quail will start at the Smith & Phillips after New Years as a presser.

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists. 2

RECIPROCITY TREATY

With Cuba Passed in the Senate by an Overwhelming Majority.

DAY MARKED BY LIVELY DEBATE

Both Bodies of Congress Agree to Holiday Recess—Numerous Topics Discussed by the House in Lengthy Session.

Washington, Dec. 17.—By the decisive vote of 57 to 18 the senate passed the bill carrying into effect the reciprocity treaty with Cuba. The final vote came at the close of a day which was marked by a debate which, while at times animated, was never acrimonious. The principal speeches were made by Mr. Spooner for the bill and Mr. Bailey against it. Both senators were subjected to frequent interruptions.

In his remarks Mr. Bailey referred to the recent agreement of the Democratic caucus to stand solidly on party questions, and warned the Republicans that in the future they could not depend on straggling Democratic votes in support of Republican party measures, regardless of whether they were or were not in accord with Democratic doctrine.

The bill passed carries into execution the treaty between the United States and Cuba which was ratified last March. The treaty provides for a reduction of 20 per cent from the rates of duty under the Dingley law on all Cuban articles imported into the United States and a varying reduction of from 20 to 40 per cent from the established Cuban duty on articles imported into Cuba from the United States. After the passage of the Cuban bill the senate agreed to the house resolution providing for a holiday recess from Dec. 19 to Jan. 4.

Central American affairs were discussed in the house and also pensions, industrial and agricultural conditions and labor. The session lasted more than four hours, the hour being in committee of the whole almost the entire time on the pension appropriation bill, on which no conclusion was reached.

Mr. Lind (Dem., Minn.), referring to an editorial published in a home paper, which he said reflected on his relations with Mr. Williams, the minority leader, stated that he desired to say that his relations with Mr. Williams were of the most cordial character.

New Railroad Division Created. Baltimore, Dec. 17.—General Manager Sims, of the Baltimore and Ohio railroad, announced the creation of a new grand division to be known as the Wheeling system and which will consist of the Newark, Cleveland, Ohio River and Wheeling divisions. T. J. Foley has been appointed superintendent in charge. The following additional changes were also announced: J. A. Spielmann, to be superintendent of the Chicago division; H. E. Hale, superintendent at Butler, Pa.; William Trapnell, division engineer at Philadelphia; R. P. Rossiter, assistant division engineer of the Shenandoah division, with headquarters at Winchester, Va.

Newspaper Must Pay Damages. Birmingham, England, Dec. 17.—Marie Corelli, the novelist, was awarded half a cent damages, each side to pay their own costs, in a libel suit brought by her against the proprietor of the Stratford-on-Avon Herald, in connection with a recent controversy in which Miss Corelli opposed the erection of a Carnegie library on the ground that it involved a desecration of Shakespeare's birthplace. The alleged libel consisted in a statement that Miss Corelli desired to erect a library at the same place.

Jews Ask Aid to Emigrate. St. Petersburg, Dec. 17.—About 4,000 Jews at Kishenev are asking for aid to emigrate to Argentina or to Canada. They want tracts of land to establish colonies.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which cannot be cured by Hall's Catarrh Cure. HOLDS CROWD AT BAY

Murderer Barricades Himself in House and Resists Arrest With Shotgun.

KILLED WARDEN OF COUNTY JAIL

Besieged Fugitive Calmly Cooks His Supper in Sight of Posse—Shots Exchanged, but No One Hit—His Capture to Be Attempted This Morning.

River Head, L. I., Dec. 17.—William H. Rafford, a deputy sheriff and warden of the county jail here for more than 15 years, was shot dead by A. Tuttle Reeves at Aquebogue, a village three miles from here. Rafford had gone to serve an execution upon Reeves, who has for years had the reputation of being eccentric. The murderer dragged the body out of the house, barricaded the doors and windows and, armed with the double-barreled shotgun, prepared to resist arrest.

The sheriff surrounded the house with a posse of 75 men. Reeves could be plainly seen moving about the house and cooking his supper, carrying his gun with him. Fearing that an attempt to rush the house would be met with a desperate resistance and loss of life, the sheriff posted his men so as to insure against the murderer's escape.

Two shots were fired through the window by the posse, taking care not to hit Reeves, who instantly returned the fire, shooting at random and hitting no one. The besiegers finally determined to wait until daylight after breaking all the windows with volleys of stones.

Suicide Chose an Easy Way.

Columbus, O., Dec. 17.—J. F. Eckleberry, who made some pretense of medical skill, suicided under peculiar circumstances. On Sunday he gave a farmer named James Stone some medicine to relieve the patient of the effects of drink. Stone died, however, and the coroner officially attributed the death to alcoholism. Eckleberry, however, heard that threats were being made against him, and this so perturbed him that he took chloroform and his death followed.

Fatal Quarrel Over Six Cents.

Philadelphia, Dec. 17.—A quarrel over the sum of 6 cents, the charge for a pool game, resulted in the murder of two persons in the Italian quarter. The dead are: Mary Matz, aged 40 years, and Antonio Lesta, 23 years of age. The man who did the killing is Nicholas Miyo, aged 40 years. He is under arrest. The pool room was owned by Mary Matz, who hired Miyo to manage it for her.

Miners Quit Work.

Myersdale, Pa., Dec. 17.—About 1,600 miners employed in Somerset county coal region quit work owing to the proposed reduction of 10 cents per ton for mining soft coal. No disorder has been reported, the miners simply remaining away from the mines. There are about 2,500 miners employed in the region, and several of the smaller mines were operated.

Priest Dies from Operation.

Clarksburg, W. Va., Dec. 17.—Rev. Father Daniel O'Connor, rector of the church of the Immaculate Conception, this city, and vicar general of the Wheeling diocese, one of the best known Catholic priests in this section, died in Washington hospital after undergoing an operation for kidney trouble. He has a record of 40 years in his chosen work.

THURSDAY, DECEMBER 17, 1903.

Democratic congressmen who are op-
posed to the Panama canal and who
purpose making it a political issue
have been staggered by a quotation
from the Democratic platform of 1856
—the platform on which Buchanan
was nominated and elected. That
plank declares, in the strongest and
most explicit language, that the party
is in favor of an inter-oceanic highway
and that "no power on earth should
be suffered to impede or clog its pro-
gress." Had the Democratic party
been in power, it would doubtless have
acted precisely the same as the Re-
publicans have done in regard to the
recognition of Panama.

Reciprocity with Cuba is an accom-
plished fact. Though there has been un-
necessary debate and unnecessary de-
lay on the part of congress, the action
will be hailed with popular approval.
This government had already done
more for Cuba than any nation, an-
cient or modern, ever did for another
country, and has now added to the list
of benefits, proven the sincerity of its
professions and kept its sacred
pledge. Every intelligent Cuban will
rejoice and be profoundly grateful.
The young republic is now planted
firmly on its feet and should strive to
prove itself worthy of the gifts the
United States has bestowed upon it.

It will be surprising if somebody is
not drowned before the ice has disap-
peared from the Ohio river in this vi-
cinity. Reckless chances are being
taken by skaters and others who ven-
ture upon it, and already numerous
narrow escapes have been reported.
Skating is a fine amusement, but the
fun to be got out of it will not com-
pensate for the accidents that are in-
evitable if the skaters attempt rash
experiments.

The streets and sidewalks of the city
are still dangerous, being covered with
coatings of ice. Yet the city is mak-
ing no effort to make them safe for
pedestrians. In the excitement over
the probable outcome of the dispute
of Davidson vs. Wyman, it should not

be forgotten that it is the first duty
of a city government to take measures
to secure the safety of citizens.
"Grog" on the sidewalks would help
materially.

The stricken city of Butler, Pa., is
daily in receipt of liberal contributions
to relieve distress. The American
people are the most generous in the
world. If only they would exercise
more foresight, and discover danger in
time they would be able to save both
lives and money.

The oil men who are alarmed at the
gradual exhaustion of the petroleum
fields are informed by an old oil scout
that there is an oil belt 3,000 miles
long in Alaska. The Standard Oil
company will doubtless be able to con-
tinue business if his predictions are
correct.

There are 204,000 miles of railway
in the United States, capitalized at
\$12,000,000,000 and affording a living
to 5,000,000 people. In their distribu-
tion East Liverpool has somehow
missed her full share.

Once more Senator Hanna an-
nounces that he is not a presidential
candidate. He might save time and
perhaps money by keeping the state-
ment standing in the newspapers with
a "t" mark attached.

The Democratic thanksgiving feast
will soon take place at Columbus. It
was postponed in the vain hope that
the party might find something to be
thankful for.

The Ohio legislature will soon be in
session, but that fact should not mar
the joy of Christmas celebrations. It
is one of the evils we cannot avert.

The affairs of Cuba having been dis-
posed of, congress may now find time
to attend to the affairs of our own
country.

The earch for a Democratic cam-
paign issue in 1904 is being prosecuted
with an energy worthy of a better
cause.

Turkey must make amends for her
treatment of Consul Davis or the sul-
tan will think a cyclone has struck
him.

OBITUARY

Joshua Low.

Steuenville, December 17.—Joshua
Low, aged 58, died suddenly at his
store Tuesday evening. He was born
in Paris, Pa., and lived there many
years. He went to Freedom, Pa., and

34 years ago came to Steuenville and
engaged in the business which he was
still following. He was married April
30, 1867, at Pittsburg to Miss Eliza-
beth Mohr. The family of children
consists of Mrs. Ella, wife of Will Barr,
of the Steuenville Drug company;
Anna C., wife of Frank Blackburn;
Frank E., member of the board of pub-
lic service; Harry, of Denver, and
Howard and Frances, at home. Sur-
viving also are a number of sisters
and brothers, who are: William H.,
of the Imperial hotel; Frank, of East
Liverpool; Nathan, of Stella, Neb.;
Miss Sallie, of this city; Mrs. Ellen
Looftrow, of Cadiz, and Mrs. Lucy
Apple, of Columbus.

Fine Holiday Number.

One of the most creditable holiday
numbers of an Ohio newspaper that
has reached this office thus far is that
of the Mansfield News. It consists of
60 odd pages and is well printed and
handsomely illustrated. It contains a
vast amount of carefully prepared
reading matter, showing that Mans-
field is a live and prosperous city and
the News an able exponent and wor-
thy representative of such a progres-
sive community.

AT THE THEATER

The forever favorite Aubrey Stock
company, which comes to the Grand
opera house next week, is considered
one of the best popular priced attrac-
tions on tour. Their repertoire con-
sists of many metropolitan comedy and
dramatic successes. The acting com-
pany is one of great strength and con-
tains the names of many of our repre-
sentative stock artists. "The Prince
And the Sword" has been selected as
the opening attraction and should at-
tract a large audience, as it is one of
the very latest successes. The remain-
der of the repertoire is equally as
strong. Matinees will be given daily,
beginning Tuesday.

EXCLUSIVE OPTIONS
TAKEN ON COAL LANDS

LARGE TRACT IN WAYNE TOWNSHIP
SHIP UNDER OPTION.

If Found to Contain Coal They Will
Be Taken Up at \$25
Per Acre.

Agents have optioned all the coal
lands in the eastern part of Wayne
township, between Salineville and
West Point. The lands will be test-
ed by a large eastern coal company
as soon as the tools can be placed in
the territory. The lands extend from
the east line of the township to the
territory owned by the Big Vein Coal
company, of Cleveland, but who op-
erate two mines.

The lands held by the eastern con-
cern offer good inducements and they
promise to pay \$25 per acre if coal
is found under the surface. They do
not specify that the coal must be so
thick but agree to take it if found.
They had no trouble leasing the lands
as the farmers were glad to get their
prospects into the hands of the coal
operators.

YEAR OF PROSPERITY
IN BAPTIST CHURCH

Annual Meeting and Election of Offi-
cers Made a Most Enjoy-
able Occasion.

The First Baptist church of this
city, while a small body, proposes to
do things in a model way. Its mem-
bers assembled last evening as guests
of the pastor and his wife at a deli-
cious tea and social occasion, the young
people serving. After the tea the an-
nual business meeting was held, at
which reports of the year's work were
given by the pastor, Bible school su-
perintendent, president of the Young
People's society, president of the la-
dies' society, chairman of the benevo-
lent committee, and treasurer of the
church. It was found that the little
church had raised for all purposes
\$1,602.49, and for benevolence \$107.21.

After hearing the reports, the church
proceeded with the election of officers
for the ensuing year, when the fol-
lowing were chosen. Deacons—David

D. Cobbs and J. M. Stanley.

The will of the late Rev. Samuel
Crouse, of Columbiana, has been ad-
mitted to probate. All his property
goes to his widow, at her death, two
lots in Canton, now occupied by their
daughter, Mrs. Benjamin Lester, be-
comes the property of the daughter
together with a lot in Columbiana. The
widow is named as executrix, without
bond.

The late T. E. Zurbrugg, of Knox
township, left no will, and "C. Emily"
Zurbrugg has been appointed adminis-
tratrix. Bond, \$2,000. John W. Grove,
Frank Buchanan and Harding Bailey
are the appraisers.

George F. Fryfogel, of Knox town-
ship, has been appointed guardian of
John F. Fryfogel, aged 17 son of the
late Rosetta Fryfogel, under bond of
\$1,500.

Foreclosure Proceedings.

Lisbon, December 17.—(Special.)—
Waitman C. Allison, of East Liver-
pool, has begun foreclosure proceedings
against William C. and Annie E. Reed
and J. W. Riley, asking judgment for
\$202.50, with interest from May 7,
1902, the amount being alleged to be
due on a promissory note, secured by
a mortgage on lots in East Liverpool.
The mortgage has been released on
all but one lot, No. 1860, in which J.
W. Riley claims an interest.

Edward Geon, who has been at a
Battle Creek sanitarium, is reported
much improved.

Mrs. C. Dunmire, of Fifth street, left
today for Butler, Pa., to attend the fun-
eral of a relative, who was a typhoid
fever victim.

John T. Judge, a student in the
school of pharmacy at Ohio Northern
university in Ada, will spend the holi-
days at home here.

Dr. George P. Ikert, who has been
seriously ill for several weeks, is im-
proving slowly and his chances are
now excellent for a speedy recovery.
His numberless friends are joyous
over the change for the better.

Miss Georgella Ikert arrived in the
city this evening from Delaware,
where she has been a student in the
Ohio Wesleyan university. She will
spend her two weeks' Christmas vaca-
tion with her parents, Dr. and Mrs.
George P. Ikert.

THURSDAY, DECEMBER 17, 1903.

Democratic congressmen who are opposed to the Panama canal and who purpose making it a political issue have been staggered by a quotation from the Democratic platform of 1856—the platform on which Buchanan was nominated and elected. That plank declares, in the strongest and most explicit language, that the party is in favor of an inter-oceanic highway and that "no power on earth should be suffered to impede or clog its progress." Had the Democratic party been in power, it would doubtless have acted precisely the same as the Republicans have done in regard to the recognition of Panama.

Reciprocity with Cuba is an accomplished fact. Though there has been unnecessary debate and unnecessary delay on the part of congress, the action will be hailed with popular approval. This government had already done more for Cuba than any nation, ancient or modern, ever did for another country, and has now added to the list of benefits, proven the sincerity of its professions and kept its sacred pledge. Every intelligent Cuban will rejoice and be profoundly grateful. The young republic is now planted firmly on its feet and should strive to prove itself worthy of the gifts the United States has bestowed upon it.

It will be surprising if somebody is not drowned before the ice has disappeared from the Ohio river in this vicinity. Reckless chances are being taken by skaters and others who venture upon it, and already numerous narrow escapes have been reported. Skating is a fine amusement, but the fun to be got out of it will not compensate for the accidents that are inevitable if the skaters attempt rash experiments.

The streets and sidewalks of the city are still dangerous, being covered with coatings of ice. Yet the city is making no effort to make them safe for pedestrians. In the excitement over the probable outcome of the dispute of Davidson vs. Wyman, it should not

be forgotten that it is the first duty of a city government to take measures to secure the safety of citizens. "Grog" on the sidewalks would help materially.

The stricken city of Butler, Pa., is daily in receipt of liberal contributions to relieve distress. The American people are the most generous in the world. If only they would exercise more foresight, and discover danger in time they would be able to save both lives and money.

The oil men who are alarmed at the gradual exhaustion of the petroleum fields are informed by an old oil scout that there is an oil belt 3,000 miles long in Alaska. The Standard Oil company will doubtless be able to continue business if his predictions are correct.

There are 204,000 miles of railway in the United States, capitalized at \$12,000,000,000 and affording a living to 5,000,000 people. In their distribution East Liverpool has somehow missed her full share.

Once more Senator Hanna announces that he is not a presidential candidate. He might save time and perhaps money by keeping the statement standing in the newspapers with a "t" mark attached.

The Democratic thanksgiving feast will soon take place at Columbus. It was postponed in the vain hope that the party might find something to be thankful for.

The Ohio legislature will soon be in session, but that fact should not mar the joy of Christmas celebrations. It is one of the evils we cannot avert.

The affairs of Cuba having been disposed of, congress may now find time to attend to the affairs of our own country.

The search for a Democratic campaign issue in 1904 is being prosecuted with an energy worthy of a better cause.

Turkey must make amends for her treatment of Consul Davis or the sultan will think a cyclone has struck him.

OBITUARY

Joshua Low.

Steubenville, December 17.—Joshua Low, aged 58, died suddenly at his store Tuesday evening. He was born in Paris, Pa., and lived there many years. He went to Freedom, Pa., and

34 years ago came to Steubenville and engaged in the business which he was still following. He was married April 30, 1867, at Pittsburgh to Miss Elizabeth Mohr. The family of children consists of Mrs. Ella, wife of Will Barr, of the Steubenville Drug company; Anna C., wife of Frank Blackburn; Frank E., member of the board of public service; Harry, of Denver, and Howard and Frances, at home. Surviving also are a number of sisters and brothers, who are: William H., of the Imperial hotel; Frank, of East Liverpool; Nathan, of Stella, Neb.; Miss Sallie, of this city; Mrs. Ellen Looftorow, of Cadiz, and Mrs. Lucy Apple, of Columbus.

Fine Holiday Number.

One of the most creditable holiday numbers of an Ohio newspaper that has reached this office thus far is that of the Mansfield News. It consists of 60 odd pages and is well printed and handsomely illustrated. It contains a vast amount of carefully prepared reading matter, showing that Mansfield is a live and prosperous city and the News an able exponent and worthy representative of such a progressive community.

AT THE THEATER

The forever favorite Aubrey Stock company, which comes to the Grand opera house next week, is considered one of the best popular priced attractions on tour. Their repertoire consists of many metropolitan comedy and dramatic successes. The acting company is one of great strength and contains the names of many of our representative stock artists. "The Prince And The Sword" has been selected as the opening attraction and should attract a large audience, as it is one of the very latest successes. The remainder of the repertoire is equally as strong. Matinees will be given daily, beginning Tuesday.

EXCLUSIVE OPTIONS TAKEN ON COAL LANDS

LARGE TRACT IN WAYNE TOWNSHIP UNDER OPTION.

If Found to Contain Coal They Will Be Taken Up at \$25 Per Acre.

Agents have optioned all the coal lands in the eastern part of Wayne township, between Salineville and West Point. The lands will be tested by a large eastern coal company as soon as the tools can be placed in the territory. The lands extend from the east line of the township to the territory owned by the Big Vein Coal company, of Cleveland, but who operate two mines.

The lands held by the eastern concern offer good inducements and they promise to pay \$25 per acre if coal is found under the surface. They do not specify that the coal must be so thick but agree to take it if found. They had no trouble leasing the lands as the farmers were glad to get their prospects into the hands of the coal operators.

YEAR OF PROSPERITY IN BAPTIST CHURCH

Annual Meeting and Election of Officers Made a Most Enjoyable Occasion.

The First Baptist church of this city, while a small body, proposes to do things in a model way. Its members assembled last evening as guests of the pastor and his wife at a delightful tea and social occasion, the young people serving. After the tea the annual business meeting was held, at which reports of the year's work were given by the pastor, Bible school superintendent, president of the Young People's society, president of the ladies' society, chairman of the benevolent committee, and treasurer of the church. It was found that the little church had raised for all purposes \$1,602.49, and for benevolence \$167.21.

After hearing the reports, the church proceeded with the election of officers for the ensuing year, when the following were chosen. Deacons—David Wells, term expires December 31, 1906; to fill unexpired term made vacant by resignation of M. C. Wright. R. D. Maly, term expires December 31, 1904; trustee—Alexander Fraser, term expires December 31, 1906; clerk, Charles Brown; treasurer, David Thomas; librarian, J. Clarence Dalton; organist, Mrs. A. S. Thomas; ushers, Charles Bowden and W. J. Todd; auditors, E. M. LaRue, T. C. Neal and J. J. Wilson; superintendent of Bible school, Charles Brown; assistant superintendent of Bible school, E. M. LaRue; secretary of Bible school, Miss Etta Wells; treasurer of Bible school, Miss Stella Bushong; superintendent of the primary department of Bible school, Mrs. Webster; assistant superintendent primary department Bible school, Miss Martha Thomas; organist of Bible school, Miss Lizzie Wilson; librarian of Bible school, J. Clarence Dalton.

PROBATE COURT

Wills Filed, Guardians and Executors Appointed and Other Matters Acted Upon.

Lisbon, December 17.—(Special).—The will of the late Barbara Oesch, of Knox township, has been admitted to probate. Daniel Oesch, named as executor, having declined, Eli Oesch has been appointed administrator. Bond, \$6,000. Appraisers, John W. Grove, J. D. Cobbs and J. M. Stanley.

The will of the late Rev. Samuel Crouse, of Columbiana, has been admitted to probate. All his property goes to his widow, at her death, two lots in Canton, now occupied by their daughter, Mrs. Benjamin Lester, becomes the property of the daughter together with a lot in Columbiana. The widow is named as executrix, without bond.

The late T. E. Zurbrugg, of Knox township, left no will, and 'C. Emily' Zurbrugg has been appointed administratrix. Bond, \$2,000. John W. Grove, Frank Buchanan and Harding Bailey are the appraisers.

George F. Fryfogle, of Knox township, has been appointed guardian of John F. Fryfogle, aged 17 son of the late Rosetta Fryfogle, under bond of \$1,500.

Foreclosure Proceedings.

Lisbon, December 17.—(Special).—Waltman C. Allison, of East Liverpool, has begun foreclosure proceedings against William C. and Annie E. Reed and J. W. Riley, asking judgment for \$202.50, with interest from May 7, 1902, the amount being alleged to be due on a promissory note, secured by a mortgage on lots in East Liverpool. The mortgage has been released on all but one lot, No. 1860, in which J. W. Riley claims an interest.

The News Review is recognized as East Liverpool's leading newspaper as regards news service.

FRIENDS AND VISITORS

P. P. Smyth, a prominent citizen of Toronto, was in the city today on business.

Mrs. K. A. Beatty, of Steubenville, is visiting Mrs. B. J. Peddicord on Third street.

Edward Geon, who has been at a Battle Creek sanitarium, is reported much improved.

Mrs. C. Dunmire, of Fifth street, left today for Butler, Pa., to attend the funeral of a relative, who was a typhoid fever victim.

John T. Judge, a student in the school of pharmacy at Ohio Northern university in Ada, will spend the holidays at home here.

Dr. George P. Ikirt, who has been seriously ill for several weeks, is improving slowly and his chances are now excellent for a speedy recovery. His numberless friends are joyous over the change for the better.

Miss Georgella Ikirt arrived in the city this evening from Delaware, where she has been a student in the Ohio Wesleyan university. She will spend her two weeks' Christmas vacation with her parents, Dr. and Mrs. George P. Ikirt.

WELLSVILLE

HUSTLED OUT OF TOWN

Young Colored Man Made a Lively Exit from Wellsville After Being in Jail.

A mild case of "goose pasturing" and a novel method of getting rid of an undesirable prisoner, was the cause of a sudden flight of a colored lad down the railroad track yesterday afternoon. A young negro by the name of Scanlon had been in the jail for a day or two for a slight infraction of the law. He was the man who, when arrested, possessed but five cents and a rabbit's foot. Having no money to pay a fine and as the offense was scarcely great enough to send him to the workhouse, it was decided to let him go.

He was given his rabbit foot and left waiting in the council room while Officer Elliott left for a moment. Solicitor Boyd came in and apparently having a grudge against the "cop" hurriedly told the lad he had a good chance to escape. The darky was hurried outside, where Attorney O'Grady took him in charge and hustled him down the steps toward freedom.

"Hurry up," cried O'Grady; "they're coming." With a vigorous kick in the rear from O'Grady to help him on the way the darky shot out around the corner.

TERRIBLY CRUSHED

A C. & P. Employee Ran Over By a Wagon And Badly Injured.

An Italian at work on the C. & P. road here was badly injured Tuesday night. He was riding on a pony engine when he was thrown or jumped off and fell under the wheels of a passing wagon. The wagon wheel passed over the man's chest and crushed him. His breast bone was torn loose and he will be unable to work for some time. Dr. Hutchins attended to the man's injuries.

Arranging for Garbage Plant.

A garbage plant is under consideration by the authorities of Wellsville. Councilman Joseph has been conferring with a number of parties in regard to its establishment. The location of the plant has been a matter of conjecture and it remains for council at its next meeting to say where it shall be. It is thought probable that a foreign concern will take up the matter of the disposition of garbage as soon as satisfactory terms can be arranged with council.

point in question between them the right to the title of property now held by the latter church. The presbytery recommended that this course be pursued and it will probably be done soon.

Child Swallowed Morphine.

The 16-month-old daughter of Mr. and Mrs. Steven Ridinger, while at play Tuesday found and swallowed some morphine tablets. Soon the child became violently ill and Drs. Hutchison and Fraser were called. Several hours' hard work on the part of the physicians were necessary to save the baby's life. The little one is now all right.

Senior Class Entertained.

The senior class gave a public entertainment Tuesday night in the school hall. Recitations, orations, papers, songs and other music were the features of the program. The president of the class is Harry Allmon. The glee club was a pleasing feature of the evening. A one-act play, entitled "Which Is Which," was given, in which three boys and three girls took part.

Held as a Suspect.

A negro named Childs, who was arrested at Beaver, Pa., shortly after the shooting of Detective Moore, has been held on a charge of carrying concealed weapons, and was indicted by the Beaver county court. Detective Jewell, of Wellsville, passed up this morning to appear as a witness in the case, which comes up for trial today.

Case Not Disposed Of.

J. Kessler, who has been in jail here for several days on the charge of robbing Alexander Joseph, a Greek peddler, pleaded guilty to the charge of petit larceny. Mayor Fogo has not yet decided what disposal he will make of the case.

Dr. Robinson's Condition.

The latest reports from the bedside of Dr. Robinson, who was badly injured here Monday, indicate that his condition is nearly the same. If he continues the same for a day or two he will probably recover.

WELLSVILLE SHORT STORIES.

Chief Dispatcher Rogers, of the C. & P., is in Cleveland on business for the road.

Miss Sadie Wood entertained the Whist club at her home on Main street last night.

The Bumble Bee club met yesterday afternoon with Miss Mary Bruner on Front street.

David Mortland had the misfortune to severely sprain his right arm yesterday, the result of a fall on the ice.

The funeral of Eli Ashley, who was killed on the B. & O. at Chicago Junction Tuesday, was held at Cleveland today.

The little child of Harry Irwin, of First street, who died yesterday, was buried this afternoon. Rev. J. W. Toland had charge.

Train No. 302, which is scheduled to arrive here at 3:25 a. m., was nearly four hours this morning on account of a freight wreck near Rootstown. Four cars were almost demolished.

The board of public safety met in the city hall last night and examined five applicants for the position of patrolmen and fireman. One patrolman and one fireman are to be appointed from the list.

W. J. Waters, a blind musician of great ability, has long been known in East Liverpool as a most excellent teacher of music, and his many friends will find pleasure in visiting his handsome and well-stocked store on Main street.

SOUTH SIDE

AMALGAMATED SCALE

Called For By the Sheet Mill Workers. Other Department Employees Satisfied.

The mill difficulty has been practically settled with the exception of the claims of the sheet mill rollers. They refuse to accept the terms proposed by the company. The committee, composed of Harry Herbert and John Evans, were in conference with the officials last night, and the result of the conference was unsatisfactory. The men refuse to accept anything below what the Amalgamated Association demands in their scale, and in consequence this department will not go on duty Monday unless concessions are made by the company, which at present does not seem likely.

The other departments of the mill will probably resume Monday, but much of this depends in the settlement of the wages of the sheet mill rollers.

A CANDIDATE

Attorney George D. Ingram Wants to Represent Hancock in the Legislature.

It is not generally known, but nevertheless a fact that Attorney George D. Ingram will stand as a candidate for the West Virginia house of delegates at the next ensuing election. There could perhaps be no better selection made by the citizens of Hancock county than Mr. Ingram, a young attorney whom the whole upper Panhandle district recognizes as a man of merit and ability. His friends hope that his candidacy will meet with popular approbation.

The Church Fair Attractions.

The Sacred Heart Catholic church fair, which opened at Rock Springs park Tuesday evening, promises a rare treat to those who visit it this evening. The Gwendolin Quartette in solos, Master Harold Perry in the Sailors' Hornpipe dance, a genuine Irish reel, and other features are included. The changing off of the articles on the combination ticket will also take place this evening, and at the small admission of ten cents a large crowd is expected, and for tomorrow evening several other features are promised and the St. Louis Exposition tickets will be changed off.

Business for Council.

Council will meet in regular session tomorrow night. Mr. Snowden, of New Cumberland, will appear and give a demonstration of his chemical fire extinguisher, made by a Chicago firm which he represents. A board of election will also be appointed for holding the municipal election which occurs on January 7. The matters of appointments in the police, fire, city solicitor and superintendent of streets and highways will be brought up for consideration at the February meeting.

Mrs. Anna Stewart's Will.

Attorney George D. Ingram was at New Cumberland yesterday, probating the will of Mrs. Anna Stewart, of Grant district. She bequeathes her late estate, which includes valuable farm and real estate holdings, to her two daughters, Mrs. Mary C. Vandike, of Wellsville, and Mrs. Lizzie McCready, of East Liverpool. Attorney Ingram is named as executor and administrator under the will.

WELLSVILLE

HUSTLED OUT OF TOWN

Young Colored Man Made a Lively Exit from Wellsville After Being in Jail.

A mild case of "goose pasturing" and a novel method of getting rid of an undesirable prisoner, was the cause of a sudden flight of a colored lad down the railroad track yesterday afternoon. A young negro by the name of Scanlon had been in the jail for a day or two for a slight infraction of the law. He was the man who, when arrested, possessed but five cents and a rabbit's foot. Having no money to pay a fine and as the offense was scarcely great enough to send him to the workhouse, it was decided to let him go.

He was given his rabbit foot and left waiting in the council room while Officer Elliott left for a moment. Solicitor Boyd came in and apparently having a grudge against the "cop" hurriedly told the lad he had a good chance to escape. The darky was hurried outside, where Attorney O'Grady took him in charge and hustled him down the steps toward freedom.

"Hurry up," cried O'Grady; "they're coming." With a vigorous kick in the rear from O'Grady to help him on the way the darkey shot out around the corner.

TERRIBLY CRUSHED

A C. & P. Employee Ran Over By a Wagon And Badly Injured.

An Italian at work on the C. & P. road here was badly injured Tuesday night. He was riding on a pony engine when he was thrown or jumped off and fell under the wheels of a passing wagon. The wagon wheel passed over the man's chest and crushed him. His breast bone was torn loose and he will be unable to work for some time. Dr. Hutchins attended to the man's injuries.

Arranging for Garbage Plant.

A garbage plant is under consideration by the authorities of Wellsville. Councilman Joseph has been conferring with a number of parties in regard to its establishment. The location of the plant has been a matter of conjecture and it remains for council at its next meeting to say where it shall be. It is thought probable that a foreign concern will take up the matter of the disposition of garbage as soon as satisfactory terms can be arranged with council.

point in question between them the right to the title of property now held by the latter church. The presbytery recommended that this course be pursued and it will probably be done soon.

Child Swallowed Morphine.

The 16-months-old daughter of Mr. and Mrs. Steven Ridinger, while at play Tuesday found and swallowed some morphine tablets. Soon the child became violently ill and Mrs. Hutchison and Fraser were called. Several hours' hard work on the part of the physicians were necessary to save the baby's life. The little one is now all right.

Senior Class Entertained.

The senior class gave a public entertainment Tuesday night in the school hall. Recitations, orations, papers, songs and other music were the features of the program. The president of the class is Harry Allmon. The glee club was a pleasing feature of the evening. A one-act play, entitled "Which Is Which," was given, in which three boys and three girls took part.

Held as a Suspect.

A negro named Childs, who was arrested at Beaver, Pa., shortly after the shooting of Detective Moore, has been held on a charge of carrying concealed weapons, and was indicted by the Beaver county court. Detective Jewell, of Wellsville, passed up this morning to appear as a witness in the case, which comes up for trial today.

Case Not Disposed Of.

J. Kessler, who has been in jail here for several days on the charge of robbing Alexander Joseph, a Greek peddler, pleaded guilty to the charge of petit larceny. Mayor Fogo has not yet decided what disposal he will make of the case.

Dr. Robinson's Condition.

The latest reports from the bedside of Dr. Robinson, who was badly injured here Monday, indicate that his condition is nearly the same. If he continues the same for a day or two he will probably recover.

SOUTH SIDE

AMALCAMATED SCALE

Called For By the Sheet Mill Workers. Other Department Employees Satisfied.

The mill difficulty has been practically settled with the exception of the claims of the sheet mill rollers. They refuse to accept the terms proposed by the company. The committee, composed of Harry Herbert and John Evans, were in conference with the officials last night, and the result of the conference was unsatisfactory. The men refuse to accept anything below what the Amalgamated Association demands in their scale, and in consequence this department will not go on duty Monday unless concessions are made by the company, which at present does not seem likely.

The other departments of the mill will probably resume Monday, but much of this depends in the settlement of the wages of the sheet mill rollers.

A CANDIDATE

Attorney George D. Ingram Wants to Represent Hancock in the Legislature.

It is not generally known, but nevertheless a fact that Attorney George D. Ingram will stand as a candidate for the West Virginia house of delegates at the next ensuing election. There could perhaps be no better selection made by the citizens of Hancock county than Mr. Ingram, a young attorney whom the whole upper Panhandle district recognizes as a man of merit and ability. His friends hope that his candidacy will meet with popular approbation.

The Church Fair Attractions.

The Sacred Heart Catholic church fair, which opened at Rock Springs park Tuesday evening, promises a rare treat to those who visit it this evening. The Gwendolin Quartette in solos, Master Harold Perry in the Sailors' Hornpipe dance, a genuine Irish reel, and other features are included. The changing off of the articles on the combination ticket will also take place this evening, and at the small admission of ten cents a large crowd is expected, and for tomorrow evening several other features are promised and the St. Louis Exposition tickets will be changed off.

Business for Council.

Council will meet in regular session tomorrow night. Mr. Snowden, of New Cumberland, will appear and give a demonstration of his chemical fire extinguisher, made by a Chicago firm which he represents. A board of election will also be appointed for holding the municipal election which occurs on January 7. The matters of appointments in the police, fire, city solicitor and superintendent of streets and highways will be brought up for consideration at the February meeting.

Mrs. Anna Stewart's Will.

Attorney George D. Ingram was at New Cumberland yesterday, probating the will of Mrs. Anna Stewart, of Grant district. She bequeaths her late estate, which includes valuable farm and real estate holdings, to her two daughters, Mrs. Mary C. Vandyke, of Wellsville, and Mrs. Lizzie McCready, of East Liverpool. Attorney Ingram is named as executor and administrator under the will.

IT MAKES YOU SHUDDER.

"No matter how dainty food may be or how carefully prepared, it looks simply repugnant to you, does it not?" says the Romoc man. "That dull pain in your stomach caused you to simply loathe the sight of food—you cannot eat and yet you want something and don't know what. When you do eat, you suffer tortures afterwards. Do you realize what will happen to you if you continue in this way. Your body will become depleted and any sickness is apt to take hold of you. If you escape such evils, you will do as lots of other dyspeptics have done—die of exhaustion. Or perhaps the irritation of your stomach will become so bad that gastric ulcers will form and hemorrhages from the stomach will ensue. You positively can avoid all these troubles by taking Romoc. It is Nature's own remedy. It contains no injurious drugs nor a particle of alcohol. Romoc builds up your entire system. It will make your stomach strong and will help it to digest the food eaten and what is best of all create a healthy, natural appetite. My word for it, Mr. Man, with indigestion, a single bottle of Romoc will prove to you that there is more in Nature than you have ever dreamed of."

REALM OF SPORTS

IN WINTER QUARTERS

Notes And Gossip About the Fast Horses Owned in East Liverpool.

At this season of the year the fast nags owned by East Liverpool horse fanciers are all in winter quarters. Billy Humble, the well known driver of this city, who campaigned among the different tracks throughout the state, grew rather reminiscent this morning. Billy drove last season for a number of well known horsemen in Ohio, Steubenville and East Liverpool, and rounded up a goodly sum for his owners. He drove last year three horses, Ivanhoe, a 2:18 1/4 pacer, owned by Scio parties; Baker Boy, owned by East Liverpool parties, and Billy W, owned by Street Commissioner Dickey of East Liverpool, having a mark as a pacer of 2:22 1/4.

The finest and speediest nag driven last season was C. A. Smith's Wood Girl, having a marking of 2:22 1/4, and one of the finest trotters in the country, landing much money last season. She was handled by Dan King, of East Liverpool, a well known driver, and will probably be under Mr. Humble's care next season.

George F. Brunt has sold his Baron of Glenwood, a trotter, and obtained a good round sum for the nag. His other horses, Miss McGregor and Insulator, are being wintered on John R. Hurd's farm in the east.

Harrison Rinehart's well known racers were not able to go all last season, but will probably be tracked during the coming season.

East Liverpool horses made a splendid showing during the past season, and will undoubtedly make a better record next spring and summer.

KRUCER GOES BACK

Pittsburg's Popular Extra Infielder Will Rejoin St. Louis, Whence He Came.

Little Paul Kruger, Pittsburg's extra infielder, is to be returned to St. Louis, whence he came to Pittsburg. The little fellow has recovered from his injury and says he is in the best of shape. St. Louis has been notified that she can have the little fellow, and Frank DeHass Robinson has expressed himself as delighted at the prospect. This will enable St. Louis to complete a deal which has been under way—that of trading Jimmy Burke to a certain American league club, thought to be Detroit, for another player, probably Outfielder Barrett, who is not on the best of terms with Manager Barrow.

TOOK IN BIG MONEY

Bicycle Tournament in Madison Square Brought in About \$90,000 to Managers.

About \$90,000 is the estimated amount of money taken in at Madison Square Garden during the recent six-day bicycle race. Of this big amount the riders got \$20,000, nearly four times the amount of the prizes given. The management of the affair was particularly liberal to the riders. The contestants were all paid off at the Bartholdi hotel this morning. The winning team received \$1,500; second, \$1,000; third, \$750; fourth, \$500; fifth, \$350; sixth, \$250, and the seventh, \$100.

RECALLS ANCIENT HISTORY

Jimmy Reeder Refers to Alleged Beating He Gave Loudon Campbell Years Ago.

Jimmy Reeder writes from Youngwood, Pa., where he is training hard for his match with Jack McClelland at Greensburg, Pa., on December 24. He says he will beat McClelland even worse than he did Loudon Campbell when they fought in Youngstown. The show promises to be a big success, as part of the receipts go to a sick ball player now in the Westmoreland hospital.

Bowling League Formed.

A new organization known as the East Liverpool Bowling association has lately been organized, composed of 15 or 20 of the best bowling experts of the city. They will meet tonight to elect officers and form a permanent organization. They are arranging for games with the East Liberty, Pa., team for Christmas.

SPORTING MISCELLANY.

Connie Mack has released his experimental infielder, Daly. The boy would not play the bench, and there was no chance for him as a regular. Washington should grab him.

James A. Wiggs, who failed with the Reds last spring largely through his inability to field, is said to be eyed by both the St. Louis Nationals and Chicago Americans.

Detroit has secured Catcher Mc-

Manus, drafted by Brooklyn from Jersey City. He will alternate behind the bat with Buelow. He is a hard hitter and good thrower.

"Kid" Carter, who has been unlucky in the last three fights, has decided to rest up for at least two months. He says his kidneys are in bad shape as a result of his fights with Walcott and Hart.

Pitcher Henry Schmidt, one of the mainstays of the Brooklyn team in the box last season, has signed a three years' contract with Oakland of the Pacific Coast league. Bad news for Hanlon and Ebbetts.

Joe Walcott, the welterweight champion, and Larry Temple, the colored fighter who has defeated all the men he has met during the last eleven months, have been signed by Miah Murray, matchmaker of the Criterion A. C. of Boston, to meet in a fifteen-round bout December 29.

Fighting at Santiago.

Cape Haytien, Dec. 17.—Heavy fighting in which the revolutionists were repulsed has been going on at Santiago for the last two days, according to a special dispatch received here. The government has advised all families to leave the country. President Morales is constantly expected at Santiago. Telegraphic communication with San Domingo is interrupted and this place is therefore without news from the capital. General Jimenez is still at Monte Cristi.

Wood Investigation Finished.

Washington, Dec. 17.—The senate committee on military affairs concluded its investigation of charges against General Leonard Wood, filed for the purpose of preventing his confirmation as major general. The committee will meet today to prepare its report. It is understood that confirmation will be recommended by a vote of 8 to 2. A minority report will be made by the opposing members of the committee.

Lost University's Money on Races. Berkeley, Cal., Dec. 17.—W. A. McKown, secretary of the board of regents of the State university, confessed to President Benjamin Ide Wheeler that he was a defaulter to the amount of \$20,000 and possibly more. Most of the money was lost at the race track. Mr. McKown has been suspended by President Wheeler and placed under arrest by the local authorities.

Insanity Saves Cawley.

Pittsburg, Dec. 17.—Charles Cawley, the 18-year-old Homestead boy, who killed his mother and sisters a year ago, was found not guilty by reason of insanity in criminal court.

Opera House Manager Dead.

Paris, Dec. 17.—Edmond Masson Frele, manager of the French opera house at New Orleans, is dead. His funeral will take place today.

BRIGHT'S DISEASE AND DIABETES NEWS

San Francisco, Dec. 8, 1903.

To Will Reed's Pharmacy.

Dear Sirs—As agent for the Fulton Compounds in East Liverpool there are some facts in the Call office in this city that should interest you and the editor of the News Review, as well as newspaper men generally. We copy now from a letter from Clifford House, of the Call:

"However improbable may seem the statement that Bright's disease and Diabetes are now curable in a great majority of all cases, it is well within the province of some of us in the business department of the Call to know that it is true. Mr. Edward Short, of this department, was given up by his physicians as a victim of Diabetes, and is now perfectly well. The mother of one of the editorial staff has also recovered from Diabetes. This was so conclusive that I told a friend, a well-to-do citizen of Duluth, Minn., who had Bright's Disease, and he too recovered."

We will also add that an ex-Supreme Judge, with offices in the Call building, is a late recovery. You are authorized to proclaim to the world that the most deadly diseases known, viz: Bright's Disease and Diabetes, yield to the new diuretics evolved during experiments made upon himself by John J. Fulton, of this city, in his memorable and successful struggle against the ravages of Bright's Disease.

Yours very truly,
THE JOHN J. FULTON CO.

BRUTALITY IN GERMAN ARMY.

Non-Commissioned Officer Sentenced to Five Years Imprisonment.

Berlin, Dec. 17.—Owing to his mistreatment of soldiers on 1,520 counts and abuses of authority on 100 counts a non-commissioned officer named Franzki, of the Eighty-fifth Infantry, has been sentenced to five years' imprisonment and dishonorable discharge from the army by a court-martial at Rendsburg. The court declared Franzki had displayed "the brutality of an ox-driver" and pronounced his superior officers guilty of negligent oversight.

Franzki borrowed sums of money from soldiers habitually and never repaid them and beat his subordinates with his fists and with clubs and whips and spat in the faces of men. Several of the men were maltreated from 100 to 200 times each. One of them was dismissed from the service disabled. Franzki had left the army and had become a policeman at Hamburg before his brutalities were disclosed by the desertion and recapture of one of his victims.

One witness, who had ran his head against a wall until he dropped unconscious the seventh time, was asked by the judge:

"Why did you do such a senseless thing?"

"An officer told me to do so," was the reply.

"But he had no right to order you to do such a thing," said the judge.

"I had to obey," replied the witness.

"If I had not he would have reported me for insubordination."

Franzki had a favorite stick which he called "Friedrich Wilhelm." This he broke while beating a private, and he got another, which he christened "Frederick the Great," who, he said, "was the best sergeant the Prussian army ever had."

Brakeman Roasted Alive.

Fort Scott, Kan., Dec. 17.—One man lost his life, two perhaps fatally hurt and several others were more or less severely injured in a collision of two sections of a freight train on a long bridge on the Frisco system, south of Pawnee, Kan. The members of the crew who escaped death were forced to jump from the high trestle or be burned in the wreckage. P. M. Hermitage, a brakeman, was roasted alive in view of other members of the crew, who were unable to help him. He begged to be killed and placed out of his misery. The bridge burned under the wreck and one engine and several cars went down.

Bank Robbers Busy.

Sioux City, Ia., Dec. 17.—Robbers blew open the safe of the Citizens Savings bank at Quimby, 40 miles northeast of Sioux City, and secured \$3,000 in cash. Burglars blew the door from the safe of the postoffice at Paulina, Ia., and secured \$125. While in search of the men who committed the latter robbery Sheriff Price, of O'Brien county, captured two of the Quimby bank robbers, recovering \$1,400 of the stolen money.

Sea Disappearing.

St. Petersburg, Dec. 17.—The sea of Azof is disappearing and remarkable scenes are in course of enactment. At Taganrog the waters have receded to such an extent during the last five days that the bed of the sea is visible for a distance of thousands of feet. Vessels are lying high and dry and the greatest confusion prevails in the harbor. Work in the factories has had to be reduced to a minimum owing to lack of water.

Gas Supply Cut Off.

Huntington, W. Va., Dec. 17.—Huntington, Catlettsburg, Ashland, Ironport and all smaller towns in this section are without natural gas and practically all the factories have been forced to close, the result of a break in the pipes near Warfield, Ky. The population in each city is shivering and great suffering is reported among all classes.

Mrs. McKinley's Aunt Dead.

Birmingham, Ala., Dec. 17.—Mrs. Mary M. Shoff, aged 86, an aunt of Mrs. William McKinley, is dead. Her former home was Fort Wayne, Ind., and she had come south for her health. Her estate is said to be valued at several million dollars.

Skinner Nears End of Journey.

Jibutal, French Somaliland, Dec. 17.—United States Consul Skinner, with the American mission to Emperor Menelik, arrived at Barchi, after having traversed the desert. The mission will arrive at Addis Ababa, the capital of Abyssinia in three days. Mr. Skinner and the members of his party, all of whom are in good health, were received everywhere hospitably.

Waging War on Mosquitoes.

New York, Dec. 17.—Scientific investigators of national reputation assembled here to consider methods of carrying on the war of extermination against mosquitoes begun a few years ago. Preventative methods were discussed, mainly in the line of filling up the ponds in which mosquitoes breed or attacking insects in the larval stage.

Veteran Pitcher Released.

Chicago, Dec. 17.—John Menefee, veteran pitcher of the Chicago National league team, was officially released by President Hart. Menefee it is understood, will devote his attention to his business at Monessen, Pa.

Womanly Health, Strength and Beauty

Strength and beauty in woman depend entirely upon her health. A woman cannot look her best if suffering from one or more of the many ailments peculiar to her sex. These ailments are invariably caused, sooner or later, the loss of her symmetry of form and freshness of complexion.

AUNT DINAH'S OLD VIRGINIA Herb Tea

Makes Strong and Beautiful Women.

It is a most pleasant and effective remedy for the troubles which cause so much suffering among women the world over. It relieves immediately and eventually cures all cases of disordered menstruation, female weakness, prostration, chronic constipation, sick head ache, nervousness and sleeplessness. These are the ailments which deprive a woman of her youth and beauty and make her old before her time. The use of the Herb Tea will enable her to retain these qualities. It clears the complexion and improves the form. A cupful at bed time will give a woman health and strength.

Chicago, April 19, 1903.
Hamlins Wizard Oil Co., Chicago, Ill.
Gentlemen—My wife had been suffering with female weakness and extreme nervousness which latter the physician who has been attending her for a long time attributed to her being unable to sleep. After taking about all night she would invariably rise in the morning with a terrible headache. The doctor seemed to be able to do nothing for her and she was constantly getting worse. She decided to try your Herb Tea and drank a cup before retiring. In the morning she awoke after a good night's rest and without a headache for the first time in months. She has continued taking it during the past three months and has forgotten what a sleepless night means. She is feeling splendid and every one remarks how well she is looking. Her complexion is as clear as a young girl's and her figure has improved wonderfully.

GRAFT IN THE POSTOFFICE DEPARTMENT

Full Report of Fourth Assistant
Postmaster General Bris-
tow Made Public.

"IT COSTS MUCH TO LIVE IN WASHINGTON"

Says a Clerk "Who Was Not There
for His Health"—Department was
"Easy Money" to Those Who Went
After It.

Washington, Dec. 17.—The full re-
port of Fourth Assistant Postmaster
General Bristow was made public,
with the exception of exhibits, which
are withheld because of the pending
criminal cases. The report reveals
many new facts brought out by the
months of investigation and not em-
bodied in the official abstract made
public a fortnight ago. These are
mostly in the way of important sup-
plementary information regarding the
alleged connection of executive offi-
cers of the department with fraud-
ulent contracts for supplies, alleged ef-
forts to promote mining stock among
postoffice department employees, irreg-
ularities in outside postoffices, etc.
The report speaks of profligate ex-
penditures for Bundy time recorders and
cites instances, like Bayshore, N. Y.,
where they were used and where there
were no employees except the postmas-
ter and his assistant.

Continuing it states that Hugh McK.
Landon, secretary of a pneumatic can-
celing machine company, testified dur-
ing the investigation that in this city
in 1902, when he came for orders, Bea-
vers referred him to a clerk named H.
Clayton Graft "as the man to do busi-
ness with," and that in a personal con-
versation Graft said: "You know none
of us are here for our health. The
government is not liberal in the matter
of its salaries and it costs much to live
in Washington."

Did as Ordered Without Comment.
Edward Allen, now a clerk at the
Cleveland, O., postoffice, testified that
reports he made on the merits of Hamp-
den canceling machine were not satis-
factory to First Assistant Postmaster
General Heath or to Beavers, and says
he was plainly advised that it was Mr.
Heath's desire that these machines be
installed and the desire of Mr. Bea-
vers "and the general" that he do less
talking derogatory to the machine. He
says he was forewarned of this by his
brother, then chief clerk to the first
assistant postmaster general, and
thereafter, Allen testified, he simply
installed machines and refrained from
any comment. The machines proved
worthless.

The report says that H. J. Truesdell
of Binghamton, N. Y., of the canceling
machine company, told the inspectors
that before the order of June 30, 1900,
was given for 100 Doremus canceling
machines 200 shares (\$20,000 worth)
of the stock of the company was trans-
ferred to First Assistant Postmaster
General Heath, Heath promising to or-
der not less than 300 machines at
\$225 each.

Expected to "Whack Up."
In his affidavit Truesdell states that
Green, state senator from New York,
told him he had made this agreement
with Heath at the Waldorf-Astoria
hotel, and that he thought Truesdell
and Doremus should "whack up" with
him. Truesdell states that he agreed to
contribute his share, and that he
transferred 50 shares of his stock to
Green for that purpose. Truesdell
further states that Green at the time
submitted to him a telegram or letter
from Heath, in disguised expression
acknowledging receipt of the certifi-
cates of stock, and that afterwards he,
Green, and Doremus discussed the
matter and Doremus agreed to con-
tribute 50 shares of his stock. Dore-
mus denies any knowledge of stock
having been given to Heath, but states
that he did contribute 50 shares of
stock, par value \$5,000, to Green to be
used for the best interests of the com-
pany.

Truesdell further states that Green
at a subsequent date purchased back
from Heath this stock. Doremus ad-
mitted to the inspectors that Truesdell
told him subsequently that the stock
which Green asked them to contrib-
ute was to be transferred to Perry
S. Heath in consideration of receiving
a large order for machines.

Payments Made to Beavers.
Truesdell said that the payments
made to Beavers was cashed at the
bank by the former's bookkeeper; that
the payments were entered by the
company as "commission account,"
and that the payments which Beavers
allotted were to be divided with Perry
S. Heath were made with the positive
knowledge and approval of George E.
Green and W. D. Doremus.

Concerning the case of H. H. Rand,
who was appointed assistant superin-
tendent of the salary and allowance
division April 1, 1902, though his du-
ties were confined to the postmaster
general's office, the report says:
Chief Clerk J. J. Howley, of the first
assistant postmaster general's office,
testified that shortly after Rand came
to Washington he told him he had an
option on a Mexican mining property
and was looking for some one with

Howley if he had that amount. Miss
Mae C. Wood testified that when she,
as stenographer, was writing letters
for Rand he talked to her about buy-
ing some stock in his mines, but she
declined to invest.

Mrs. Clara C. Bangs, a clerk em-
ployed in an office adjoining Rand's,
stated that Rand had asked her if any
of the people around there had any
money. She said she thought Machen
and Beavers had it all, and not long
after that he told her, she says, that
they had made Machen president of
the company; that the stock was ad-
vancing rapidly and it would be a good
thing for her to put some money into it.
Machen interested in Mining.

"A. W. Machen thought he saw
through Rand," Mr. Bristow says, "a
direct connection with the postmaster
general and therefore readily interest-
ed himself in some of his mining
schemes. Rand probably was not
aware of Machen's real purpose, but
coming into the department as he did
as the personal appointee of the post-
master general, it is fortunate that he
should have allied himself with Machen
so as to become his partisan de-
fender when charges were filed against
him."

Regarding the sale of promotions in
New York city and Jersey City, the re-
port mentions Bayonne, N. J., as also
involved, and says that while Otto F.
Wels, the registry clerk at New York,
now dismissed, and an intimate friend
of Beavers, says he collected from
\$8,000 to \$10,000 for the "legislative
fund" for the clerks. Wels' bank ac-
count where these funds were depos-
ited aggregated \$19,154, and Mr. Bris-
tow expresses the opinion that this
represents the amount of Wels' col-
lections. Wels stated that he used
about \$3,000 of this money for ex-
penses and that the balance, \$6,000 or
\$7,000, he paid to Benjamin Parkhurst
"an intimate friend of Beavers and
superintendent of a postoffice station
in this city, but removed last April."

Insufficient Evidence.
The report says that after inspec-
tors began work at New York, Park-
hurst asked numerous clerks there
and at Jersey City to say that the
money was collected for legislative
purposes and not to secure promo-
tions. These facts were submitted to
the grand jury here in May, but the
district attorney recommended against
prosecution on the ground of insuf-
ficient evidence, and further effort to
ward criminal process against Bea-
vers and Wels in this case was
dropped, when on May 31 last the sta-
tute of limitations operated in Beavers'
case.

The report cites a clerk hire al-
lowance of \$300 per annum ordered by
Beavers at Lestershire, N. Y., and
Dysart, Ia., though not so entitled,
the recommendations being made by the
members of congress of those dis-
tricts. Reference is made to a letter
of the postmaster at Duquoin, Ill., who
in December, 1901, wrote Senator Ma-
son a request to secure \$500 per an-
num for clerk hire, promising that if
he should do so he would devote his
time to the senator's campaign for re-
election. The senator referred the
letter without comment to Beavers
and the allowance was not made, but
later a member of congress made the
same recommendation and it was com-
plied with without further inquiry.

Drew Salary but Did Not Work.
The report names a number of in-
stances where clerks were appointed,
on order of Beavers, against the
wishes of the postmasters. These
clerks performed but meager services.
Minerva Jeffrey, the report continues,
was a \$600 clerk at Fredonia, N. Y.,
for the first five months in 1899,
though she did not work there. The
postmaster never saw her, he says,
and her payments were sent by check
to Washington and deposited in Bea-
vers' personal bank account. She was
afterwards transferred to Burlington,
Vt., and New York, and rendered ser-
vice.

The report cites increased amounts
for leases of postoffices against the
recommendations of inspectors, and
quotes section 3789 of the revised
statutes inhibiting contracts with con-
gressmen, and says that Beavers
nevertheless made contracts with
members of congress for the rental
of premises, either in their own names,
the names of their agents, or some
members of their family.

Had Lease but Rental Increased.
At Manhattan, Kan., the report says,
on the recommendation of Representa-
tive W. A. Calderhead, a rental al-
lowance for the postoffice was in-
creased by \$250 per annum, although
no additional service was performed
and despite an existing lease for 10
years at the original figure.

All the postmasters who gave testi-
monials for the Elliott and Hatch
book typewriters for implication in
the sale of which W. Scott Towers, a
postal superintendent here, was re-
moved, have been called on for an ex-
planation. A letter from Auditor Cas-
tle, of the postoffice department, rec-
ommending the machine, is printed
with the statement that his letter was
used in the advertising literature of
the company, while the protest of his
clerks against the machine quietly
slipped in the files in the office of the
first assistant postmaster general.
The machines were finally barred by
First Assistant Postmaster General
Johnson.

The report says that the case of
Assistant District Attorney E. E. Bal-
win, at New York, charged with
knowledge of fraud against the gov-
ernment and insultingly refusing in-
formation to the inspectors, has been
laid before the attorney general, and
that the case of his father, Judge E.
Baldwin, consul at Nuremberg, whom
Mr. Bristow says "probably knows as
much about the fraud as anybody," is
referred to the secretary of state.

THE WORLD'S GREATEST

CLAIRVOYANT

AND

PALMIST

Your Future Can Be Told—A True Clairvoyant.

\$5.00 READINGS \$1.00 FOR

Your Only Opportunity to Consult Him at the Low Fee—Doubters Beware—Stricken—Your Life an Open Book to Him.

To all who come for readings this week, he will tell you your name, occupation, and whom and when you will marry? "Ye skeptics come forth?" Known from ocean to ocean as the marvel of two hemispheres.

Attention. Lawyers, Speculators, Business men of all grades, and ladies from every walk in life, together sound his praise for the benefit they have received. So extraordinary are his marvelous tests of the wonders and powers of Clairvoyancy that they must be witnessed to be believed.

He May Be Consulted Daily on All Affairs of Life.

His work is entirely different from other mediums and self-styled clairvoyants. No darkened rooms or cabinets, but everything done in the broad open light of sober sense. He positively refuses to accept a fee in advance for readings or special work until he is through, and not then if you are not perfectly satisfied. He has thousands of written testimonials from leading citizens of the United States, but never publishes the names of any of his patients, as he considers his business a sacred trust. If you doubt his ability, call and he will give you positive evidence in your own case absolutely.

It's not what he has done for others, but what he will do for you.

He is a living connection between the unseen existence and this world. He can read the innermost thoughts of souls, see the past, present and future as in a mirror, and by his mysterious power can tell how to avert evil, how to succeed in business and obtain good fortune. He locates mines and buried treasures, minerals, old estates, lost friends, etc.

Assistance for Troubled or Unfortunate.

If you are in trouble of any kind, discontented or unhappy, or not satisfied in life, or have domestic or love or business troubles, you will be told how to overcome all trouble. Your wish and object in life can be obtained. A SECRET you should know. The power of control.

Remember, your prospects of today may be your future tomorrow if rightly handled. Consult him immediately. HE STANDS ALONE WITH-OUT AN EQUAL.

GRAFT IN THE POSTOFFICE DEPARTMENT

Full Report of Fourth Assistant Postmaster General Bristow Made Public.

"IT COSTS MUCH TO LIVE IN WASHINGTON"

Says a Clerk "Who Was Not There for His Health"—Department Was "Easy Money" to Those Who Went After It.

Washington, Dec. 17.—The full report of Fourth Assistant Postmaster General Bristow was made public, with the exception of exhibits, which are withheld because of the pending criminal cases. The report reveals many new facts brought out by the months of investigation and not embodied in the official abstract made public a fortnight ago. These are mostly in the way of important supplementary information regarding the alleged connection of executive officers of the department with fraudulent contracts for supplies, alleged efforts to promote mining stock among postoffice department employees, irregularities in outside postoffices, etc. The report speaks of profligate expenditures for Bundy time recorders and cites instances, like Bayshore, N. Y., where they were used and where there were no employees except the postmaster and his assistant.

Continuing it states that Hugh McK. Landon, secretary of a pneumatic canceling machine company, testified during the investigation that in this city in 1902, when he came for orders, Beavers referred him to a clerk named H. Clayton Graft "as the man to do business with," and that in a personal conversation Graft said: "You know none of us are here for our health. The government is not liberal in the matter of its salaries and it costs much to live in Washington."

Did as Ordered Without Comment. Edward Allen, now a clerk at the Cleveland, O., postoffice, testified that reports he made on the merits of Hampden canceling machine were not satisfactory to First Assistant Postmaster General Heath or to Beavers, and says he was plainly advised that it was Mr. Heath's desire that these machines be installed and the desire of Mr. Beavers "and the general" that he do less talking derogatory to the machine. He says he was forewarned of this by his brother, then chief clerk to the first assistant postmaster general, and thereafter, Allen testified, he simply installed machines and refrained from any comment. The machines proved worthless.

The report says that H. J. Truesdell of Birmingham, N. Y., of the canceling machine company, told the inspectors that before the order of June 30, 1900, was given for 100 Doremus canceling machines 200 shares (\$20,000 worth) of the stock of the company was transferred to First Assistant Postmaster General Heath, Heath promising to order not less than 300 machines at \$225 each.

Expected to "Whack Up." In his affidavit Truesdell states that Green, state senator from New York, told him he had made this agreement with Heath at the Waldorf-Astoria hotel, and that he thought Truesdell and Doremus should "whack up" with him. Truesdell states that he agreed to contribute his share, and that he transferred 50 shares of his stock to Green for that purpose. Truesdell further states that Green at the time submitted to him a telegram or letter from Heath, in disguised expression acknowledging receipt of the certificates of stock, and that afterwards he, Green, and Doremus discussed the matter and Doremus agreed to contribute 50 shares of his stock. Doremus denies any knowledge of stock having been given to Heath, but states that he did contribute 50 shares of stock, par value \$5,000, to Green to be used for the best interests of the company.

Truesdell further states that Green at a subsequent date purchased back from Heath this stock. Doremus admitted to the inspectors that Truesdell told him subsequently that the stock which Green asked them to contribute was to be transferred to Perry S. Heath in consideration of receiving a large order for machines.

Payments Made to Beavers. Truesdell said that the payments made to Beavers was cashed at the bank by the former's bookkeeper; that the payments were entered by the company as "commission account," and that the payments which Beavers alleged were to be divided with Perry S. Heath were made with the positive knowledge and approval of George E. Green and W. D. Doremus.

Concerning the case of H. H. Rand, who was appointed assistant superintendent of the salary and allowance division April 1, 1902, though his duties were confined to the postmaster general's office, the report says: Chief Clerk J. J. Howley, of the first assistant postmaster general's office, testified that shortly after Rand came to Washington he told him he had an option on a Mexican mining property and was looking for some one with

Howley if he had that amount. Miss Mae C. Wood testified that when she, as stenographer, was writing letters for Rand he talked to her about buying some stock in his mines, but she declined to invest.

Mrs. Clara C. Bangs, a clerk employed in an office adjoining Rand's, stated that Rand had asked her if any of the people around there had any money. She said she thought Machen and Beavers had it all, and not long after that he told her, she says, that they had made Machen president of the company; that the stock was advancing rapidly and it would be a good thing for her to put some money into it.

Machen Interested in Mining. "A. W. Machen thought he saw through Rand," Mr. Bristow says, "a direct connection with the postmaster general and therefore readily interested himself in some of his mining schemes. Rand probably was not aware of Machen's real purpose, but coming into the department as he did as the personal appointee of the postmaster general, it is fortunate that he should have allied himself with Machen so as to become his partisan defender when charges were filed against him."

Regarding the sale of promotions in New York city and Jersey City, the report mentions Bayonne, N. J., as also involved, and says that while Otto F. Weis, the registry clerk at New York, now dismissed, and an intimate friend of Beavers, says he collected from \$8,000 to \$10,000 for the "legislative fund" for the clerks, Weis' bank account where these funds were deposited aggregated \$19,154, and Mr. Bristow expresses the opinion that this represents the amount of Weis' collections. Weis stated that he used about \$3,000 of this money for expenses and that the balance, \$6,000 or \$7,000, he paid to Benjamin Parkhurst, "an intimate friend of Beavers and superintendent of a postoffice station in this city, but removed last April."

Insufficient Evidence. The report says that after inspectors began work at New York, Parkhurst asked numerous clerks there and at Jersey City to say that the money was collected for legislative purposes and not to secure promotions. These facts were submitted to the grand jury here in May, but the district attorney recommended against prosecution on the ground of insufficient evidence, and further effort toward criminal process against Beavers and Weis in this case was dropped, when on May 31 last the statute of limitations operated in Beavers' case.

The report cites a clerk hire allowance of \$300 per annum ordered by Beavers at Lestershire, N. Y., and Dysart, Ia., though not so entitled, the recommendations being made by the members of congress of those districts. Reference is made to a letter of the postmaster at Duquoin, Ill., who in December, 1901, wrote Senator Mason a request to secure \$500 per annum for clerk hire, promising that if he should do so he would devote his time to the senator's campaign for reelection. The senator referred the letter without comment to Beavers and the allowance was not made, but later a member of congress made the same recommendation and it was complied with without further inquiry.

Drew Salary but Did Not Work. The report names a number of instances where clerks were appointed, on order of Beavers, against the wishes of the postmasters. These clerks performed but meager services. Minerva Jeffrey, the report continues, was a \$600 clerk at Fredonia, N. Y., for the first five months in 1899, though she did not work there. The postmaster never saw her, he says, and her payments were sent by check to Washington and deposited in Beavers' personal bank account. She was afterwards transferred to Burlington, Vt., and New York, and rendered service.

The report cites increased amounts for leases of postoffices against the recommendations of inspectors, and quotes section 3789 of the revised statutes inhibiting contracts with congressmen, and says that Beavers nevertheless made contracts with members of congress for the rental of premises, either in their own names, the names of their agents, or some members of their family.

Had Lease but Rental Increased. At Manhattan, Kan., the report says, on the recommendation of Representative W. A. Calderhead, a rental allowance for the postoffice was increased by \$250 per annum, although no additional service was performed and despite an existing lease for 10 years at the original figure.

All the postmasters who gave testimonials for the Elliott and Hatch book typewriters for implication in the sale of which W. Scott Towers, a postal superintendent here, was removed, have been called on for an explanation. A letter from Auditor Castle, of the postoffice department, recommending the machine, is printed with the statement that his letter was used in the advertising literature of the company, while the protest of his clerks against the machine quietly slept in the files in the office of the first assistant postmaster general. The machines were finally barred by First Assistant Postmaster General Johnson.

The report says that the case of Assistant District Attorney E. E. Baldwin, at New York, charged with knowledge of fraud against the government and insultingly refusing information to the inspectors, has been laid before the attorney general, and that the case of his father, Judge E. Baldwin, consul at Nuremberg, whom Mr. Bristow says "probably knows as much about the fraud as anybody," is referred to the secretary of state.

SALINEVILLE

Salineville, December 17.—Frank Swaney, manager of the Bell Telephone company, was in town Tuesday with two of his working force, making preparations for the removal of the telephone office from the Thompson building to the new office room in the Dadds building, above the new bank.

The painters at the New Dadds building completed the wood work painting and have commenced to fresco the walls of the bank rooms.

Clarence George, a son of J. W. George, the clothier, has arrived in Salineville and will spend the holidays here. Mr. George is a young man of fine talent as a comedian and cornet and solo player and has been traveling the past summer and fall for a farce comedy company.

Harry Robins, of Sheridan avenue, East Liverpool, after spending a week with friends and relatives here, has returned to his home.

Dr. C. B. Mitchell is announced to deliver his popular lecture, "The Prize Taker," in the M. E. church early in January. The doctor will come here under the auspices of the Epworth League.

Rev. F. E. Dean, pastor of the U. P. church, preached an able and eloquent sermon Sunday on race prejudice and Christian duty.

SALINEVILLE

Salineville, December 17.—Frank Swaney, manager of the Bell Telephone company, was in town Tuesday with two of his working force, making preparations for the removal of the telephone office from the Thompson building to the new office room in the Dadds building, above the new bank.

The painters at the New Dadds building completed the wood work painting and have commenced to fresco the walls of the bank rooms.

Clarence George, a son of J. W. George, the clothier, has arrived in Salineville and will spend the holidays here. Mr. George is a young man of fine talent as a comedian and cornet and solo player and has been traveling the past summer and fall for a farce comedy company.

Harry Robins, of Sheridan avenue, East Liverpool, after spending a week with friends and relatives here, has returned to his home.

Dr. C. B. Mitchell is announced to deliver his popular lecture, "The Prize Taker," in the M. E. church early in January. The doctor will come here under the auspices of the Epworth League.

Rev. F. E. Dean, pastor of the U. P. church, preached an able and eloquent sermon Sunday on race prejudice and Christian duty.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Quarterly Conference—Rev. Dr. Manchester, presiding elder, will hold quarterly conference at the First M. E. church this evening.

Painfully Injured—Robert Price, over 60 years of age, a resident of Fourth street, fell on the icy pavement near his home last evening and suffered painful injuries.

Lost Her Watch—Miss Inez Derringer, of the East End, an assistant teacher of the Horace Mann school, reports the loss of a valuable watch, which she is supposed to have dropped on the street.

Grocers Notified—Local grocers have been notified to discontinue selling inferior maple syrup. Agents of the dairy and food department are reported to have found several samples in this city that were not up to the standard.

Salvation Army Meetings—The Salvation Army is making its annual preparations to send donations to the worthy poor of the city. Next Sunday it will hold a parents' day meeting in the Sunday school, and prizes will be distributed to the scholars and classes holding the best record for attendance throughout the year. On New Years night the army will hold grand watch night services.

Santa Claus' headquarters in fancy neckwear is at Joseph Bros.

Will Appoint No Constable.

The township trustees stated this morning that they will not appoint a constable to fill the position made vacant by the resignation of William Copestick. They intend to let the position be filled at the spring election. Since the resignation of Copestick he has reconsidered his action and the other day made application for appointment to the position. The trustees will not likely consider the application.

Suit Involving Contract.

Lisbon, December 17.—(Special.)—Augustino Bordinaro has filed suit against Hollis E. Kirkwood and H. W. Sinclair, asking court to compel them to keep a contract and convey to him lot 29 in Wellsville or award him judgment for \$50.

Funeral of Loretta McCarron—The funeral of Loretta McCarron, who died yesterday morning at the home of her parents, Mr. and Mrs. James McCarron, of Chestnut street, will be held tomorrow morning at 9 o'clock at St. Aloysius' church. The interment will be in St. Aloysius' cemetery.

THE BOSTON STORE

ONLY A SHAVE

A certain King of France, discontented with his face, took a notion to have his Vandyke shaved off. His wife couldn't stand for his hairless appearance and she forthwith eloped with John of Anjou, as John's face had the desired effect. Complications ensued, resulting in a war which lasted three hundred years, and cost France over three million men. Little things count both in war and peace. A nice pair of Slippers for husband or wife might be the means of making matrimonial life run smoothly for the next year. At any rate they are useful. Our variety this season, combined with the prices, make our store a desirable place to buy slippers.

THE BOSTON STORE

ONLY A SHAVE

A certain King of France, discontented with his face, took a notion to have his Vandyke shaved off. His wife couldn't stand for his hairless appearance and she forthwith eloped with John of Anjou, as John's face had the desired effect. Complications ensued, resulting in a war which lasted three hundred years, and cost France over three million men. Little things count both in war and peace. A nice pair of Slippers for husband or wife might be the means of making matrimonial life run smoothly for the next year. At any rate they are useful. Our variety this season, combined with the prices, make our store a desirable place to buy slippers.
